DEATH AND HAVOC FOLLOW RAID ON LONDON

Morgues are Filled After Eight-Hour "Revenge" Assault

BRITISH RADIO REPORT \$3,500,000,000 IN NEW TAXES NEXT YEAR

SAYS NAZI DRIVE IN GREECE SLOWED DOWN

Berlin, April 17.—(AP)—Informed sources said that severe fighting still was in progress late today in the Mount Olympus area of Greece.

Rome, April 17.—(AP)—The Italian High Command declared tonight that the whole Greek front is collapsing.

Athens, April 17.—(AP)—An observer returning this evening from the Mount Olympus battlefield declared that mass infantry and tank attacks south of Servia had cost the Germans "two divisions in casualties in two days."

Adolf Hitler's Luftwaffe smashed at London in the most violent assault of the war last night—an eight-hour rain of havoc and death in which 400 Nazi planes dropped more than 100,000 incendiary and countless high explosive bombs on the capital of the empire. Jubilantly, the Nazi press hailed the attack as "the biggest air raid of all time." German fliers said the city was still engulfed this forenoon by dense, flame-licked smoke.

The German high command officially described the raid as a "reprisal for the English destruction of the cultural and historic center of Berlin on April 9" and declared that henceforth every British air attack on German residential areas would be retaliated in fuller measure.

Crowded morgues, jammed hospitals and whole blocks of smoldering, fire-blackened wreckage testified to the fury of the attack. Hours after the all-clear sounded at 5:30 a. m. (11:30 p. m. EST), ambulances still sped through the streets carrying victims to hospitals, and the shouts of firemen and rescuers echoed in the smoke-shrouded city.

The British Press Association declared it was "the most vicious and wanton attack since the fire raid of last December 29," when the city of London's Wall Street district, was all but destroyed.

Eight hospitals were reported damaged, a theatre and two movie houses were smashed and an official communiqué said tensely that casualties were heavy. Considerable damage was done.

Nazi pilots returning from the attack said they counted 50 major conflagrations and counted smaller fires.

On the Balkan front, the Luftwaffe played another tempestuous role, cooperating with waves of Nazi tanks in hammering at Allied lines in northern Greece.

Hitler's High Command said German troops were pressing deeper into the Aegean kingdom sweeping across the Alakmon river, and capturing the town of Servia, 70 miles from the Yugoslav frontier.

Despatches from Athens said German losses were severe, with Allied field artillery and machine guns meeting the attacks with a murderous fire.

Berlin said the German army was "at grips with the British Expeditionary Force south of Mt. Olympus in a clash which might develop into a major battle."

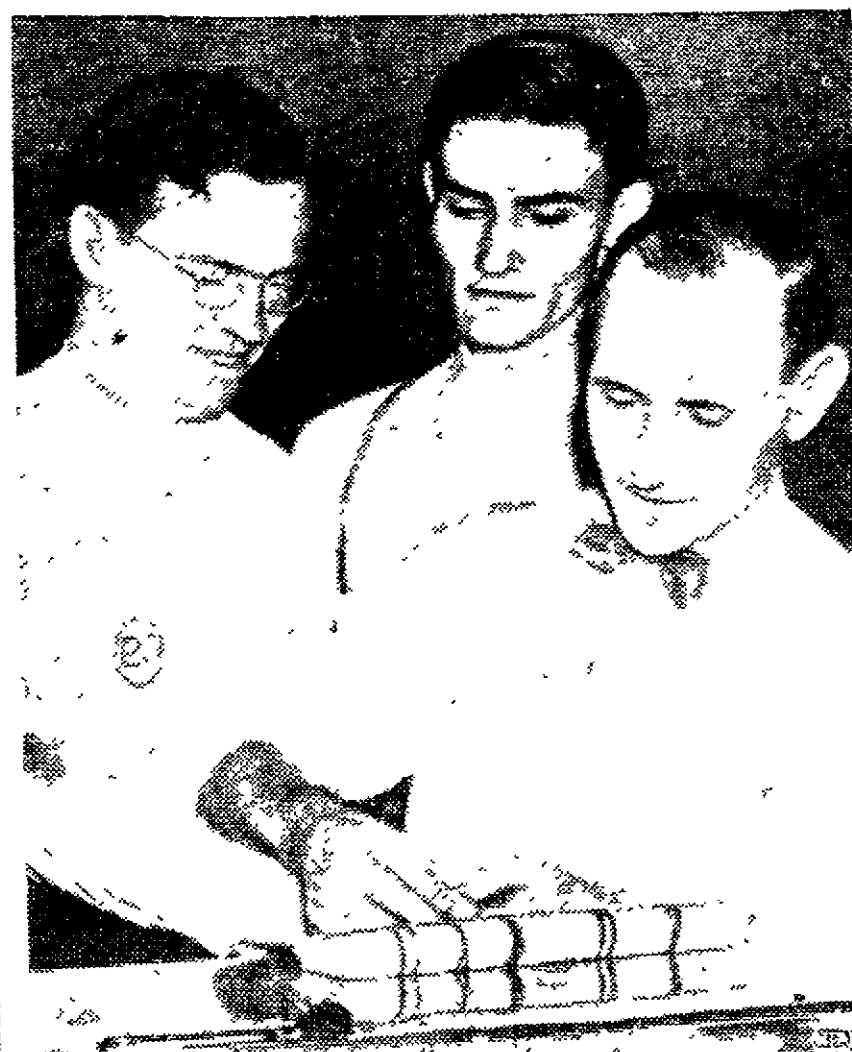

The London radio reported that the German invasion columns had been "heavily reinforced—presumably by troops released by the collapse of Yugoslavia—but that the enemy advance has been slowed down."

Greek troops and the British Empire forces are now in contact with the enemy along the whole front line in northern Greece," the radio said.

Berlin said German motorized units knifing into the mountains of Greece Thessaly had "pushed deep into enemy columns, forcing the Greek and British troops to fight."

The Germans were reported attacking the Allied center and the right flank in the Mt. Olympus (turn to Page Seventeen)

Ten-Member Committee to Spur Legislative Action is Demanded in House Resolution as Series of Non-Controversial Bills Are Moved Ahead in Second Four-Day Session of the Year

NEGLECTIBLE PORTION OF PROGRAM PASSED

Harrisburg, April 17.—(P)—A ten-member committee to speed up legislative action was demanded in the House today as a series of non-controversial bills were moved ahead in the second four-day session of the year.

"The unnecessary prolongation of the present session of the general assembly will cause the taxpayers of the commonwealth considerable extra expense and postpone the operation of needed legislation which might otherwise be in effect," said a resolution introduced by Robert J. Cordell, Lackawanna county Republican.

He suggested a committee of ten—five from the House and five from the Senate—be appointed to "formulate and present to this general assembly at the earliest possible time, a reasonable legislative program for immediate consideration."

In 12 weeks the assembly has passed "only a negligible portion of the legislation presently necessary for the welfare of the commonwealth and its citizens," the resolution said adding:

"Since the United States of America has assumed the role of the 'arsenal of democracy' and since Pennsylvania has been properly termed both the 'arsenal of America' and the 'keystone state,' it particularly behooves the general assembly of this commonwealth to present an example of speed and effectiveness with which a democratic government can act."

The House sped through its calendar rapidly, advancing first and second reading bills but leaving "stationary all measures of a controversial nature."

In the administrative division selective service headquarters announced a new regulation giving local boards authority to allow men accepted for military service 60 days to adjust their personal affairs.

Bills to levy a graduated income tax and to increase the minimum wage were also passed.

The House also passed a bill to create a new department of public safety, to be headed by the governor.

DISMISSAL HERE BEING ARGUED IN SUPERIOR COURT

Pittsburgh, April 17.—(P)—William Hawkes, dismissed manager of the Warren Employment and Unemployment Compensation office, was "on the spot" during the 1938 political campaign, his attorney contended in superior court today.

Hawkes was dismissed March 13, 1940 on the grounds that he instructed employees to write post cards to friends during the campaign asking them to support the Democratic party and that he permitted employees in his office to be solicited for party funds. He appealed his dismissal by the Unemployment Compensation Board of Review to the Superior Court.

Hawkes contended that since he was not a party official, he was not subject to the same standards as party officials. (turn to Page Two)

FIERCE BATTLE UNDER WAY ON GRECIAN FRONT

Allied Forces Engaged With German Mechanized Units in Kalabaka Region Outcome of Which May Prove Decisive, Athens Sources Say

SITUATION SERIOUS

Athens, April 17.—(P)—British and Greek forces are engaged in a fierce battle with German mechanized units in the Kalabaka region of the Grecian front, the outcome of which is expected to prove decisive, authoritative sources said this evening.

Kalabaka is some 90 miles within Greece near the center of the Allied defense line and is the railroad gateway to the lowlands of Thessaly.

The latest reports say that the Allied defense lines are holding steadily but reliable informants made no effort to minimize the seriousness of the situation.

They did, however, urge Greeks to close their ears to ominous rumors and to "await the outcome of the struggle."

Well to the northeast, Australian troops were reported by British sources to be holding their lines intact against furious German assaults in the vicinity of Servia, north west of Mount Olympus (The Germans say they have taken Servia).

A vicious battle was raging at the entrance to Sarandaporon pass near Servia with the Australians reported inflicting very heavy losses on the Germans. (turn to Page Seventeen)

Washington, April 17.—(P)—The ability of supplying war materials to Canada on a lease-lend basis in view of her dwindling dollar resources was believed in usually well-informed quarters today to be a primary topic in discussions between Prime Minister Mackenzie King and President Roosevelt and other American officials.

Other matters which were expected to figure in the conferences included proposed development of the St. Lawrence waterway and the work of the joint United States-Canadian defense board established after the prime minister's last previous meeting with the president last year.

The Canadian government leader, who came here after his annual physical checkup at Johns Hopkins Hospital in Baltimore called at the White House late yesterday.

He said he expected to see Mr. Roosevelt again and call on Secretary Hull during his visit which will last several days but declined to comment on the subjects of the conferences.

STAGE SET FOR TRIAL BLACKOUT AT PITTSBURGH

Pittsburgh, April 17.—(P)—While a dozen planes roared overhead in a mock bombing attack, Pittsburgh will black out its lights for five minutes tomorrow night in a test, defense of its great steel mills—a lifeline of the nation both in peace and war.

Since the planes will be huge transports supplied by commercial airlines simulating bombers, they will be escorted by mine "fighter" planes of the army's 10th Observation Squadron now stationed at Harrisburg.

The actual blackout has been cut short for safety's sake. At the signal of police and fire sirens all street lights will be turned out for five minutes starting at 10:10 p. m.

All outside lights such as those of advertising signs and store window displays will be out.

Automobiles have been asked to pull to the curb and put out their headlights but leave parking lights on. Street cars will make a five-minute stop. People at home may leave their lights on but have been requested by Mayor Cornelius (turn to Page Two)

PRICE CONTROL AUTHORITY MAY UNDERGO A TEST

Steel Leaders Reported to Be Considering Challenging the President's Appointment After Ceiling Is Fixed for the Industry

ORDER IS A SURPRISE

Washington, April 17.—(P)—Steel industry leaders were reported today to be considering a test of President Roosevelt's price control authority because of an administrative order freezing steel and iron prices.

The order, fixing prices at the level of the first quarter of this year was issued by Leon Henderson, who was recently named price administrator by Mr. Roosevelt in announcing it last night. Henderson said it was designed to prevent price increases resulting from wage increases granted this week by two-thirds of the industry.

An increase in prices now, Henderson said, "might touch off a general increase in the cost of living and start the country off on the road to price inflation."

At the same time, he made it clear that upward adjustments might be permitted in the future if a thorough study of prices and costs in the industry indicated they were necessary.

Henderson's order gave no authority for his action other than the apparent powers derived from (turn to Page Seventeen)

DISMISSAL HERE BEING ARGUED IN SUPERIOR COURT

Pittsburgh, April 17.—(AP)—William Hawkes, dismissed manager of the Warren Employment and Unemployment Compensation office, was "on the spot" during the 1938 political campaign, his attorney contended in superior court today.

Hawkes was dismissed March 13, 1940 on the grounds that he instructed employees to write post cards to friends during the campaign asking them to support the Democratic party and that he permitted employees in his office to be solicited for party funds. He appealed his dismissal by the Unemployment Compensation Board of Review to the Superior Court. Hawkes contended that since he (turn to Page Two)

Fifty Southpaws at Chicago Convention Protest Against Always Being Left Out

Chicago, April 17.—(AP)—Fifty southpaws who are proud to be left-handed were united today in protest against always being left out.

At the first annual meeting of the International Association for Protection of the Rights of Left-Handers last night, a left-handed monkey wrench was thrown into the machine that dictates that the world should be made for right-handers.

"We resent having to drag our sleeves through the mashed potatoes in order to reach the coffee," declared Judge Joseph A. Graber of the criminal court, chairman of the constitution committee.

PRESIDENT APPROVES PROGRAM

While Secretary Morgenthau Fails to Reveal Details of How Three Billion and Half in Added Levies is to Be Secured He Indicates Government Will Tap Every Possible Means of Raising a Dollar

REPUBLICAN CHIEFS INCLUDED IN PARLEY

Washington, April 17.—(AP)—Secretary Morgenthau announced today that the administration and both Democratic and Republican congressional leaders had agreed to ask \$3,500,000,000 of new taxes to be raised in the next year.

He told reporters after conferring with the leaders that President Roosevelt had approved the program and would, at an early date, discuss the program with the American people.

No details of how the money would be raised were disclosed, but the treasury secretary indicated the government would tap every possible means of raising a dollar in taxes.

Despite former policies of the administration, he indicated that such drastic means as a general sales tax, payroll taxes and other heavy money-raising ideas were under consideration.

For the first time in treasury-congressional tax conferences during this administration, Republican leaders, as well as Democratic leaders, were called in. Morgenthau said, "I am happy to say that the combined Democratic and Republican leadership (turn to Page Seventeen)

Many Visiting Kiwanians to Attend Affair Here Tomorrow in Honor of International President of Order

More than 200 visiting Kiwanians and their ladies are expected here tomorrow to attend a dinner-dance and reception being given by the Warren Kiwanis Club in honor of the international president of the organization, Mark Smith, and Mrs. Smith of Thomaston, Ga.

Most of the clubs in Division One of the Pennsylvania district, which includes the local club, are sending large delegations and many prominent Kiwanians from Pennsylvania cities outside the division, as well as from neighboring New York state, will be present.

Mr. and Mrs. Smith will arrive in Warren shortly before noon and will be guests at a luncheon at the Carver Hotel. Wives of local Kiwanians will honor Mrs. Smith at a bridge-tee in the afternoon, while Mr. Smith will address a high school assembly.

The principal function on the day's program will be the dinner and dance at the Woman's Club at 6:30 o'clock.

H. D. Harris, immediate past president of the local Kiwanis Club, will act as toastmaster at the dinner. Music will be provided by the Warren High School a cappella choir under the direction of Carroll A. Fowler.

Orrie Beebe and his orchestra will provide music for dancing, starting at 9:30 o'clock.

It was stated today that many visitors who are unable to get here in time for the dinner will come for the reception and dance. Mr. and Mrs. Smith will leave here during the night for Buffalo, where they will board a train for Chicago.

TWO ATTORNEYS ARE ADMITTED TO COUNTY BAR

At a session of court held here this morning, two young attorneys were admitted to practice in Warren county.

Eldred W. Blackman, a graduate of Cornell Law School, was presented by his father, Attorney S. D. Blackman, and Joseph E. Feigunot, of Tidoute, a graduate of Harvard Law School, by Attorney R. P. Eaton.

Judge Elmer L. Evans, of Erie county, presided in the absence of Judge D. U. Arnd and heard routine petitions and motions and received the report of the county auditors.

This afternoon's session was taken up with several divorce cases and actions in trespass.

Court will again convene tomorrow morning at 9:30 when the first case will be an echo of the famous Airport Inn murder case in which Attorney L. C. Eddy is asking for approximately \$1200 for legal services before the pardon board. Judge Arnd issued a court order directing the commissioners to pay the amount to the former district attorney, and the commissioners are expected to file an answer tomorrow morning through the county solicitor, Allison D. Wade.

Mich. suffered back injuries, but most of the six passengers and crew of three escaped with minor cuts and bruises.

Wright said the right motor failed soon after the plane took off at 4:28 p. m. He headed the plane for a cleared space near two hills when he found a high tension line across the river blocked his path back to the airport.

The plane crashed into woods three miles from U. S. Route 60 five minutes after it left the airport, shearing off the right wing tip and the tail assembly. The passengers and crew alighted each other out of the emergency door.

E. Clark Bobbit, 34, of Charleston and Ashland, Ky., walked to the nearest house to summon help.

Bob Crosby And His Orchestra Will Appear at the Library Theatre Afternoon and Evening, Tuesday, April 22nd

Bob Crosby, maestro of the Dixieland Swing Band who conducted the Library Theatre on Tuesday through arrangements with Music Corporation of America, comes from a remarkable family.

Harry L. Crosby, Sr., the father, was once an accountant and the boys—there are quite a few of them—used to help mother with the housework.

BOB CROSBY

Today the family is again busy. Bob is being hailed as one of the leading dance band leaders in the country, and big brother Bing has managed to get along in his own way. The eldest brother, Larry, is Bing's representative; Louie, Everett is Bing's manager; brother Ted is Bing's publicity man; while Mr. Crosby, the father, is treasurer.

Bob was hardly more than a boy when Bing got his movie "break." But, soon after the leader of the "Bob-cats" began his professional career, singing for contestants at a walkathon in Spokane. Anson Weeks heard him, brought him to San Francisco, then signed Bob.

After two years later, the Dorsey Brothers asked Bob to join their band, and he did. He continued with the Dorseys until he organized his own orchestra. Since then the Dixieland rhythms of Bob and the boys have established the orchestra as one of the foremost in the country. Bob Crosby and his orchestra are heard every Saturday evening on the Camel Caravan, NBC, coast to coast.

THURSDAY, APRIL 17, 1941

THIS, THAT AND THE OTHER:
Steps toward complete reorganization of the Warren County Chapter of the American Red Cross were taken at a meeting at the Y. W. C. A. Tuesday evening and the setup will be completed when the newly-elected executive board holds a meeting April 28 at 7:30 o'clock for the purpose of choosing permanent officers and discussing plans for the 1941 roll call. National Headquarters officials may rest assured that people of the county will maintain the same generous and enthusiastic interest in the chapter in the future that gained for it in the past a reputation as being one of the best and most active units in the state.

We are happy today to join with other firms and business establishments in extending congratulations to the S. S. Kresge Co. upon the opening of their large and most attractive new store at the corner of Second avenue and Liberty street. The enlarged, newly-equipped and completely restocked store is not only a credit to the firm, but stands as a fine compliment to the community since it reflects the confidence the Kresge Company possesses in the future of Warren.

Those apple trees along the river front, which may be expected to burst out in blossoms most any day now, were planted about forty-five years ago by a progressive citizen with ideas about river front beautification, named George Harmon. This information is contained in an article in the "Years Ago" column in this issue, the article stating that "when conditions are right they bear sufficient fruit to supply an abundance of cholera when devoured in the green state."

Announcement by the police chief that a borough dog catcher has again started operations should make "dog houses" more popular than ever. Attention is called to the fact that all unlicensed dogs caught will be destroyed and licensed dogs permitted to run at large will be taken to the pound where owners may claim them after paying a fine. The ultimatum will be welcomed by those citizens who are at present preparing gardens and flower beds for the spring and summer.

Odd fellow lodges in the district are already making plans for the spring meeting of the Northwestern Pennsylvania Association of the Order, to be held at Sharon May 17th. It will be remembered the fall meeting was held in Warren last October, when almost 2,000 visitors participated in the meetings at the First Presbyterian church, and the parade that was one of the highlights of the convention.

With International President Mark Smith and Mrs. Smith, of Thomaston, Ga., honoring the local club with an official visit, tomorrow will be another red letter day for Warren Kiwanians. The presence here of the distinguished visitor and other outstanding officials of the organization will attract a large number of visiting members who will find a cordial welcome awaiting them.

That old-fashioned square dance to be held at the Woman's Club Saturday evening, which incidentally is open to the public, should interest many in Warren and vicinity who have been yearning for an opportunity to trip the light-fancie to music furnished by a band which has a reputation for playing old-time rhythm accompanied by yodelers who can yodel and callers who really know how to call.

The entire community should be interested in the announcement that the congregation of the First Lutheran church is making preliminary plans for a centennial celebration in 1942. Rev. E. K. Rogers and members of his flock may count on the whole-hearted support of every citizen in his effort to make the event one of the most outstanding in the religious history of Warren.

With the return of balmy weather and longer evenings, the parking problem in the business section between the hours of six and ten o'clock p. m., becomes more perplexing than ever before. Many motorists would welcome a change in parking meter regulations extending the time to nine o'clock.

And thou shalt return and obey the voice of the Lord, and do all his commandments which I command thee this day.—Deuteronomy 30:8.

Man About Manhattan

By GEORGE TUCKER
NEW YORK—There may be a few greasy fingerprints on the cash bill at the Fulton box office, where "Arsenic and Old Lace" has been a sell-out for week after long week, but the smiles on the faces of the men who sell you the tickets have nothing to do with the success of the show.
Sometime ago a lady from Virginia came to the box office and asked for a pair of tickets. She had only one night in the city and was anxious to spend it watching Karloff, the mad "engineer" of the Panama Canal, hiding his "Yellow Fever" victims in the basement.
But she was told no tickets were available. "However," one of the boys suggested, "if you will hang around awhile it may be that a couple of cancellations will come in."
Some three hours later a pair of tickets did indeed come in, and the grateful patron from Virginia, in thanking the box office boys profusely, told them, "When I get back home I'm going to send you a ham."
That Virginia ham has been received.
ROBERT WATKINS, who is the American correspondent for the London News-Chronicle, was at Fort Washington, L. I. The other night a friend of mine called on the Watkinsons and noticed that a bridge table had been crammed into the open fireplace. It seems that squirrels had been coming down the chimney, stealing the lump sugar and hiding it in Watkins's shoes.
Despite its face-lifting and pretense of "class," parts of 6th avenue still retain a showy, red-curtain reminiscence of the oriental bazaars. Cheap jewelry, questionable literature, fortune tellers, and third rate restaurants, not to mention flea circuses and shoe-string employment bureaus line the street between 50th and 42nd.

YEARS AGO IN WARREN
Interesting Items Taken From the Warren Evening Times

In 1921
There still remains about 25 of the apple trees along the river front that were planted a quarter of a century ago by borough council at the suggestion of George Harmon, then one of the city solons. When conditions are right they bear sufficient fruit to supply an abundance of cholera when devoured in the green state. They are now in full blossom and quite attractive.
Winter still lingers in the lap of spring. There was a decided contrast in the temperature for the 24-hour period from Saturday afternoon until the same time Sunday when snow flakes were whirling in the air and the thermometer had dropped from 70 to 35.
The official board of the First Presbyterian church has leased for one year the residence at Second avenue and Market streets known as the Watson property and it will be the manse for the new pastor, Rev. Raymon Kistler.
After remaining stationary at \$3 the quotation for Pennsylvania crude oil was boosted 25 cents this morning, making the price offered \$3.25.
The first over-night hike of the season by the Y. M. C. A. took place this weekend when Boys' Director C. M. Hengst took 34 boys up Dutch Hill and to the Wenzel farm.
Navajo Indians never enter a house where one of their tribe has died.
Moss and weeds in lawns indicate low fertility.

In 1931
The Warren county unemployment committee with the aid of members of the Women's Club and the Zonta Club will within the next two weeks make a house to house canvass to secure promises of work for men and women for one hour a week from each person solicited for a period of three months.
County Commissioners Brady, Stewart and Olney were in Franklin yesterday and held a conference with District Highway Engineer T. C. Frame regarding the prospects for road building in the immediate future, but with the exception of the Warren-Kinzua project, they received no assurances for further activities.
Mrs. N. D. Paterson, chairman, is being aided by the following ladies in planning a bridge party for the Women's Choral Society Monday: Mrs. Richard Hansen, Mrs. J. B. Leidig, Mrs. B. H. Mathis, Mrs. Philip McEvoy, Mrs. Harriet Wilkins, Mrs. J. K. Vessey, Mrs. R. F. Otterbein, Mrs. W. E. Yeager and Miss Ferne Anderson.
George Grosch, who served one term as sheriff of the county, formally announces today that he is a candidate for the Republican nomination to that office.
James Johnson, the only steeplejack remaining in Warren, has completed the repairs on the cupola of the Warren Savings Bank.

STORIES IN STAMPS

Haiti's Famed Citadel Built by Slave-King
THE Citadel of Haiti's Emperor Henri Christophe, pictured on the Pan American poster stamp above, is one of the wonders of the western hemisphere. The Citadel forms the design of one of Haiti's postage stamps of 1924 and a 1933 stamp.
The Citadel is a mountain stronghold, located on a 3000-foot peak, now accessible to tourists. It has walls 16 feet thick, 200 feet high, barracks for 10,000 troops, storerooms, cannon emplacements, arcades. The massive fort was built by Henri Christophe, Negro ruler of Haiti, as a refuge for his people in case France should try to regain possession of the island. Christophe was born a slave on the island of St. Kitts. He ran away, became a leader in Haiti's slave uprising against the French in 1804. He became president of Northern Haiti in 1807, was crowned five years later.
Haiti prospered under Christophe's rule. He built schools, churches, roads, hospitals, the magnificent palace of Sans Souci and the Citadel. Legend relates that he killed himself with a silver bullet when the people revolted.

A Washington Daybook

By JACK STINETT
WASHINGTON—Some hoary wiseacre commented, "It's a strange world after all," but he should have lived long enough to see what is going on in Yugoslavia.
The Germans, battering away with everything from bean-shooters to super-bombs, are merely undoing the work their Axis partner did a couple of thousand years ago.
I got this story from Donald R. Perry, acting chief of the Bureau of Alien Registration, in the file of his name. Perry is an Americanized Serb and what he knows about Belgrade isn't written in the guide books.
Let's start at the beginning. Back in the days when all roads lead to Rome, one of the longest stretched to its great northeast outpost, Singidunum. There the Danube and the Sava came together and pounded their spring floods against the foot of a hill that rose 600 feet from the water. On the hill the Romans built a great fortress, with walls 30 feet high and 20 feet thick, enclosing an area of 200 acres. Around it on the slopes and hill-top was built the city. Within the fortress was a great tower and below it a spider web of catacombs that came to last hundreds of years, low the earth, to eight great tunnels.
Under The Danube
SEVEN of these tunnels ran into treacherous dead-ends, where any enemy who had penetrated so far might be trapped and slaughtered or buried alive. An eighth tunnel under the Danube and came out miles away in a smaller fortress in the city of Zemun. It was an engineering feat which should give the bends to all modern shoguns who think their profession is a product of the machine age.
In those ancient days, the tunnel to Zemun was used not only as a last means of escape, but as a supply line in case of siege. Warfare has changed a heap since those spear, sword and shield days, but the fortress of Singidunum still stands and still serves the armies who fight with tanks, seven-mile-a-minute planes, and

THIS, THAT AND THE OTHER:
Steps toward complete reorganization of the Warren
County Chapter of the American Red Cross were taken
at a meeting at the Y. W. C. A. Tuesday evening and
the setup will be completed when the newly-elected
executive board holds a meeting April 28 at 7:30 o'clock
for the purpose of choosing permanent officers and dis-
cussing plans for the 1941 roll call. National Head-
quarters officials may rest assured that people of the
county will maintain the same generous and enthusiastic
interest in the chapter in the future that gained for it
in the past a reputation as being one of the best and
most active units in the state.

We are happy today to join with other firms and
business establishments in extending congratulations to
the S. S. Kresge Co., upon the opening of their large
and most attractive new store at the corner of Second
avenue and Liberty street. The enlarged, newly-
equipped and completely restocked store is not only a
credit to the firm, but stands as a fine compliment to
the community since it reflects the confidence the Kresge
Company possesses in the future of Warren.

Those apple trees along the river front, which may
be expected to burst out in blossoms most any day now,
were planted about forty-five years ago by a progressive
citizen with ideas about river front beautification, named
George Harmon. This information is contained in an
article in the "Years Ago" column in this issue, the
article stating that "when conditions are right they
bear sufficient fruit to supply an abundance of cholera
when devoured in the green state."

Announcement by the police chief that a borough
dog catcher has again started operations should make
"dog houses" more popular than ever. Attention is
called to the fact that all unlicensed dogs caught will
be destroyed and licensed pets permitted to run at large
will be taken to the pound where owners may claim them
after paying a fine. The ultimatum will be welcomed by
those citizens who are at present preparing gardens and
flower beds for the spring and summer.

Odd Fellow lodges in the district are already making
plans for the spring meeting of the Northwestern Penn-
sylvania Association of the Order, to be held at Sharon
May 17th. It will be remembered the fall meeting was
held in Warren last October, when almost 2,000 visitors
participated in the meetings at the First Presbyterian
church, and the parade that was one of the highlights
of the convention.

With International President Mark Smith and Mrs.
Smith, of Thomaston, Ga., honoring the local club with
an official visit, tomorrow will be another red letter day
for Warren Kiwanians. The presence here of the dis-
tinguished visitor and other outstanding officials of the
organization will attract a large number of visiting
members who will find a cordial welcome awaiting them.

That old-fashioned square dance to be held at the
Woman's Club Saturday evening, which incidentally is
open to the public, should interest many in Warren and
vicinity who have been yearning for an opportunity to
trip the light-fancie to music furnished by a band
which has a reputation for playing old-time rhythm
accompanied by yodelers who can yodel and callers
who really know how to call.

The entire community should be interested in the
announcement that the congregation of the First Luth-
eran church is making preliminary plans for a centennial
celebration in 1942. Rev. E. K. Rogers and members
of his flock may count on the whole-hearted support
of every citizen in his effort to make the event one of
the most outstanding in the religious history of Warren.

With the return of balmy weather and longer eve-
nings, the parking problem in the business section be-
tween the hours of six and ten o'clock p. m., becomes
more perplexing than ever before. Many motorists
would welcome a change in parking meter regulations
extending the time to nine o'clock.

Man About Manhattan

NEW YORK—There may be a few grayed fingerprints on the cash till at the Fulton box office, where "Arsenic and Old Lace" has been a sell-out for weeks after long week, but the smiles on the faces of the men who sell you the tickets have nothing to do with the success of the show.

Sometime ago a lady from Virginia came to the box office and asked for a pair of tickets. She had only one night in the city and was anxious to spend it watching "Arsenic and Old Lace".

"Yellow Fever" victims in the basement.

But she was told no tickets were available. "However," one of the boys suggested, "if you will hang around awhile it may be that a couple of cancellations will come in."

Some three hours later a pair of tickets did indeed come in, and the grateful patron from Virginia, in thanking the box office boys profusely, told them, "When I get back home I'm going to send you a ham."

That Virginia ham has been received.

THE Citadel of Haiti's Emperor
Henri Christophe, pictured on
the Pan American poster stamp
above, is one of the wonders of
the western hemisphere. The
Citadel forms the design of one of
Haiti's postage stamps of 1924 and
a 1933 airmail.

The Citadel is a mountain
stronghold, located on a 3000-foot
peak, now accessible to tourists.
It has walls 16 feet thick, 200 feet
high, barracks for 10,000 troops,
storehouses, cannon emplacements,
arsenals. The massive fort was
built by Henri Christophe, Negro
ruler of Haiti, as a refuge for his
people in case France should try
to regain possession of the island.

Christophe was born a slave on
the island of St. Kitts. He ran
away, became a leader in Haiti's
slave uprising against the French
in 1804. He became president of
Northern Haiti in 1807, was
crowned five years later.

Haiti prospered under Christo-
phe's rule. He built schools,
churches, roads, hospitals, the
magnificent palace of Sans Souci
and the Citadel. Legend relates
that he killed himself with a silver
bullet when the people revolted.

YEARS AGO IN WARREN

Interesting Items Taken From the Warren Evening Times

In 1921
There still remains about 25 of the apple trees along the river front that were planted a quarter of century ago by borough council at the suggestion of George Harmon, then one of the city solons. When conditions are right they bear sufficient fruit to supply an abundance of cholera when devoured in the green state. They are now in full blossom and quite attractive.

Winter still lingers in the lap of spring. There was a decided contrast in the temperature for the 24-hour period from Saturday afternoon until the same time Sunday when snow flakes were whirling in the air and the thermometer had dropped from 70 to 35.

The Warren county unemployment committee with the aid of members of the Woman's Club and the Zonta Club will within the next two weeks make a house to house canvass to secure promises of work for men and women for one hour a week from each person solicited for a period of three months.

I got this story from Donald R. Perry, acting chief of the Bureau of Alien Registration. In spite of his name, Perry is an Americanized Serb and what he knows about Belgrade isn't written in the guide books.

Let's start at the beginning. Back in the days when all roads led to Rome, one of the longest stretched to its great northeastern outpost, Singidunum. There the Danube and the Sava came together and pounded their spring floods against the foot of a hill that rose 600 feet from the water. On the hill the Romans built a great fortress, with walls 30 feet high and 200 feet thick, enclosing an area of 200 acres. Around it on the slopes and hill-top was built the city. Within the fortress was a great tower and below it a spider-web of catacombs that came at last, hundreds of feet below the earth, to eight great tunnels.

Under The Danube
SEVEN of these tunnels ran into treacherous dead-ends, where any enemy who had penetrated so far might be trapped and slaughtered or buried alive. An eighth ran under the Danube and came out miles away in a smaller fortress in the city of Zemun. It was an engineering feat which should give the bends to all modern sand-hogs who think their profession is a product of the machine age.

In those ancient days, the tunnel to Zemun was used not only as a last means of escape, but as a supply line in case of siege. Warfare has changed a heap since those spear, sword and shield days, but the fortress of Singidunum still stands and still serves the armies who fight with tanks, seven-mile-a-minute planes, and

guns that hurl a ton of steel 30 miles.

Today, it is the heart of Belgrade, and in its deep caverns—when the war started at least—were vast army stores and under its piles of Roman masonry (built to withstand the onslaught of barbaric hordes from the north and east) are great cannon which were fired so effectively in World War I.

The old Roman fortress of Singidunum isn't on the tourists' itinerary. From that ancient day to this, it has been the pride and joy of Serbian soldiers and they have guarded their secret well. There undoubtedly are thousands of residents even who have never had a glimpse of its inner workings—and some who have only the vaguest notion of its existence at all.

Not For Civilians
PROBABLY these caverns and tunnels make Belgrade the most prepared city in the world today in the matter of air raid shelters, but it is unlikely that one civilian was able to dodge Nazi bombs by ducking into them. The powder magazines and store-houses of an army are not thrown open to John Q. Public—no matter what the emergency.

If Yugoslavia falls, it will mean, among other things, the end of life for the great Roman fortress of Singidunum. After 2,000 years of warfare has caught up with her and passed her by. In another century, she may be a huge landing field and her caverns may be underground hangars and storage tanks for fuel... and her eighth tunnel that runs under the Danube just another useless hole in the ground.

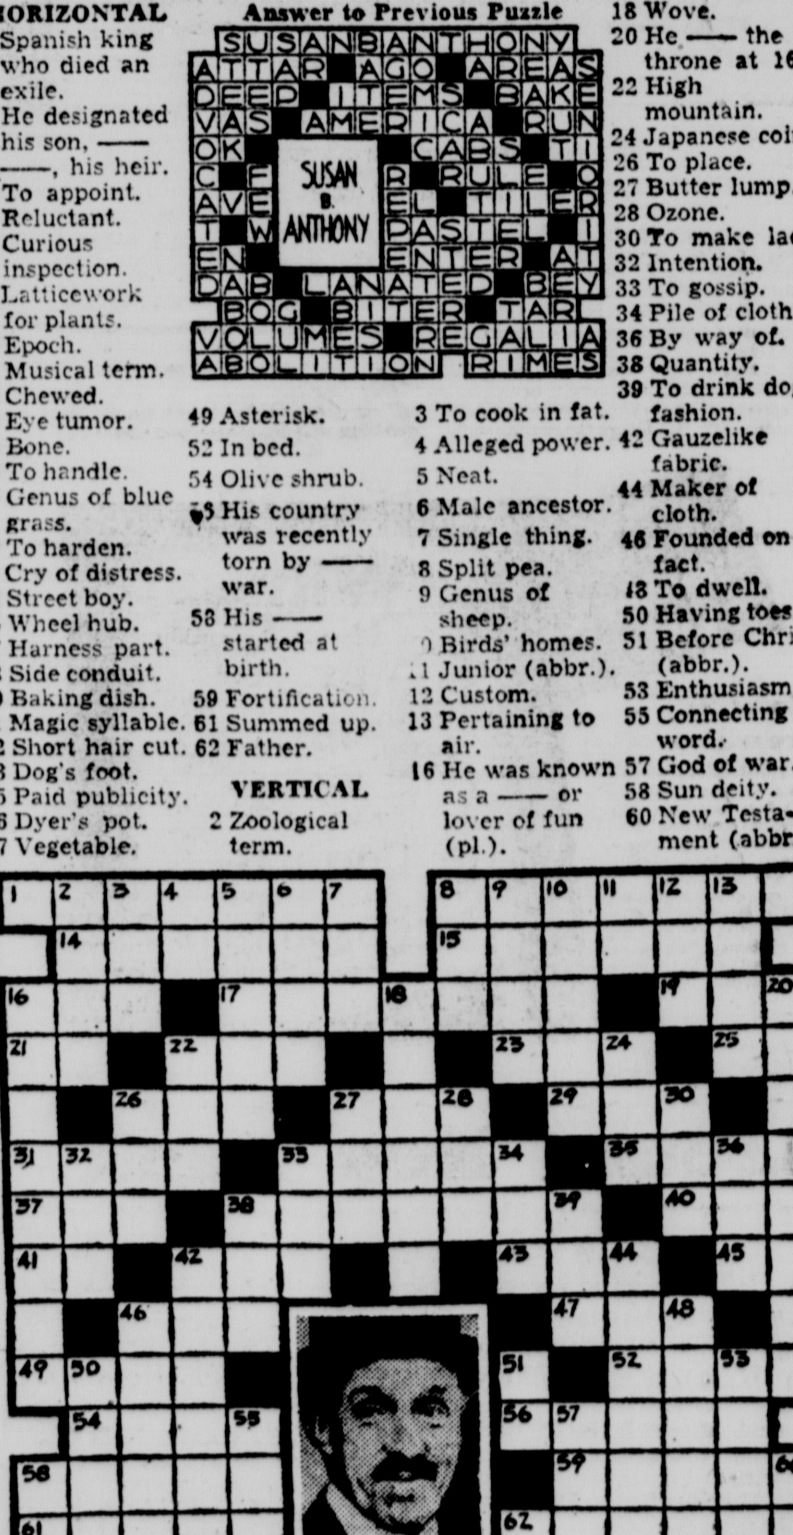

Modern war is making changes like that all over the world.

Enriched Pillsbury's Best Flour

adds extra vitamins and iron to your everyday baked foods!

Now you can help protect your family's health in three essential ways without a single added purchase! You can give them iron and B-vitamins they need every day. You can do it "automatically" in your daily baking, by simply selecting enriched Pillsbury's Best when you shop for flour. As simple as that!

Yet see what added benefits you give your family: iron, which helps build blood; vitamins which their bodies need to make the proper use of energy foods (carbohydrates)—which is essential to sound nerves, good appetite, proper growth in children, the ability to thrive on hard physical work!

All that, for your family now, at the low cost of fine white flour!

Remember—good-baking flour, like Pillsbury's Best, is still the same good-baking flour after it has been enriched—still inferior flour, even if it is enriched, is still inferior flour. And remember something else—enrichment itself must be done carefully, so that each bag will be uniformly enriched. The same strict milling standards which make Pillsbury's Best a fine "baking" flour also make it a uniformly enriched flour!

★ It's the same fine, dependable PILLSBURY'S BEST...now enriched!
★ NO CHANGE IN FLAVOR ★ NO CHANGE IN APPEARANCE
★ NO CHANGE IN BAKING QUALITIES

Pillsbury answers your questions about this new enrichment of white flour

• You understand that modern science has perfected a way to add precious food elements to your "daily bread." But just what is being added? What does it mean to you? Here, briefly, are the answers to those natural questions of yours:

1. Vitamin B₁ (thiamin) is added—helps the body make proper use of energy foods (carbohydrates), which is essential to: (a) Proper growth in children.
2. Iron is added—helps build red blood.
3. Vitamin P-P is added—another member of the Vitamin B complex, which also overcomes certain deficiencies in the diet.
4. Every pound of Pillsbury's Best is now enriched with these three food essentials.

Save the THRIFT STARS which are packed in your bag of Pillsbury's Best flour, and with other Pillsbury products. They are redeemable for glass coffee makers, electric clocks, women's silk hosiery, silverware, and other valuable merchandise. Around New York

By GEORGE TUCKER

NEW YORK—Wild geese flying are a sight rarely vouchsafed to city dwellers. But New Yorkers have their own harbingers of the seasons. Most unfulfilling of these are the migratory horse players, followers of the sun. Now they are back from the Florida horse parks, tanned and insolvent, faced with their annual spring crisis of promoting a new spring suit and a ticket to the Kentucky Derby at Louisville.

This group is perhaps the most compact unit in the Broadway community. They live in a pure communist state, insofar as that state is share and share alike. When one is broke all are. When one enjoys a windfall, there is a measure of folding money for all. This is because their revenue is produced by red hot tips at the track, and they pass these around. That also accounts for their common poverty. When the tips fail them, panic ensues.

JUST where this clique gets its operating money is one of the town's most impregnable mysteries. Invariably they finish the New York season penniless. Yet, a week later you will find them on the lawn of the Pimlico clubhouse in Baltimore. Several weeks after that they will be part of the Miami winter colony, lounging at the Roney-Plaza swimming pool in the morning, and storming the mutual windows at Hialeah and Tropical in the afternoon.

Few of them work, although on occasions one will accept a job that gives them the afternoon off. Mostly they attach themselves to free-spenders and dispense inside information on horses in payment for a winning ticket. Movie stars, won to racing with the legalization of the sport in California, are generous patrons of these gypsy-like creatures. It is no uncommon sight at Belmont or Saratoga to behold a Hollywood celebrity, taking the sun, being administered to by these eager courtiers. One

Someday I'll Find You

BY MARGARET WIDEMER

YESTERDAY, Eileen Gardner just about had made up her mind, this graduation night, to take a job for a year and then marry Jordan Estill. But now she has jumped, literally, into the arms of a tall and handsome stranger, at a party in Jerry's, and she has for the moment at least forgotten all about Jordan—and the future as well.

Chapter Three
Change Of Front

"Too long I'll say. Hey Martin, this is Eileen Come round."

"Sure Straight from New Zealand."

"Why New Zealand?"

"Oh, that's where I'm going for the moment. Not for long, just for the ride. I'll bring you back a moa. Know what moas are? I don't."

"Something in a crossword."

"I couldn't use a crossword to you—gosh!" The music had stopped then directly opposite the big wall clock. That clock right? He'd stopped fooling.

"Afraid so."

"Lord, I'll just do it Good-bye, you sweet kid."

He kissed her quickly and lightly. As suddenly, almost, he was gone. Something had tinkled more than usual. It merely needed a little adjustment of the kind that he knew how to give. But to Eileen, tense with excitement, Jordan, in his evening clothes, very elegant even to the rubber gloves evening clothes demanded with a jalousy, fussing with the points, was under the hood for at least an hour. Finally they were off again.

"Hurry!" she said.

"There isn't any great hurry," Jordan said mildly. "The Onderdonk parties always go on for an hour more than this, and we're almost there."

"I want to get there before the Willesdon party gets away," she said.

"That's all right. We will. They are on a special train. It doesn't go out until—" he looked down at his wrist watch—"One twenty. I had to make some of the arrangements."

She leaned back, drawing a long breath. She relaxed enough to take out her vanity and begin putting herself in order. She looked down into the tiny glass to see what Martin had seen. The great brown eyes were shining. She looked eager, gay, excited. She mustn't! She must look gay, but not chaste enough. She must look as if Jordan Estill might have a chance with her. She must swing into the stuffy old Onderdonk party like a small princess deigning.

There Were Voices On The Stair

at her foot. Something which had caught on the clip at her neckline—she had felt the jerk. She did not stoop to get it till the swing door closed, and she heard him calling "Taxi!" and a whirr of the starter.

The feeling of his face was still warm against hers, her body was warm from his hold. It had all gone so crazily, so quickly, that it seemed like something she had dreamed. Something she had always wanted to dream, rather than that which had come too briefly true. She stooped to the trunk, glancing by her foot. It was the sort of thing a man wore on a watch chain or in a buttonhole or a girl on her charm bracelet. A tiny gold ski, delicate and perfect. She turned it over, holding it by its ring. It was initialed. "M. M. D." and had a date of three years back. Under the date was "Golden Ski Championship," and the name of a famous international meet. Something a man would hate to lose more than his fraternity pin.

She dropped it into her white silk handbag, then fished it out and anchored it to the lining by a safety pin. She must have it safe to give back.

But she couldn't give it back. He was gone, and she didn't even know his last name.

But she would give it back. She moved slowly back into the smoke-heavy main room. The band was back to swing again, some of the dancers were going crazy, others were cheek to cheek in eye-shut slow motion in corners.

A good party! Just the usual traditional good postgraduation party. She saw with faint surprise, as if she had come back a very long way, from somewhere, Jordan Estill moving over to her. He had a worried frown Jordan Estill. . . She had forgotten there was any such person.

"Where on earth were you?" he said. "I was worried."

"Dancing," Eileen said.

"The crowd did you when you jumped down—damn that fool Huhn—and when I got round you you were gone."

"I'm here now."

"What's the matter Eileen? Were you hurt? Did you faint or anything?"

"Not a thing." Suddenly she stiffened. "Jordan you were right. Let's quit this party. Come on to the Onderdonks."

Jordan looked relieved.

"We really should have done it," he said, "in the first place."

To help your husband work To help your children grow!

Enriched Pillsbury's Best Flour

adds extra vitamins and iron to
your everyday baked foods!

Now you can help protect your family's health in three essential ways without a single added purchase! You can give them iron and B-vitamins they need every day. You can do it "automatically," in your daily baking, by simply selecting enriched Pillsbury's Best when you shop for flour. As simple as that!

Yet see what added benefits you give your family: iron, which helps build blood; vitamins which their bodies need to make the proper use of energy foods (carbohydrates)—which is essential to sound nerves, good appetite, proper growth in children, the ability to thrive on hard physical work!

All that, for your family now, at the low cost of fine white flour!

Remember—good-baking flour, like Pillsbury's Best, is still the same good-baking flour after it has been enriched—but inferior flour, even if it is enriched, is still inferior flour. And remember something else—enrichment itself must be done carefully, so that each bag will be uniformly enriched. The same strict milling standards which make Pillsbury's Best a fine "baking" flour also make it a uniformly enriched flour!

★ It's the same fine, dependable PILLSBURY'S BEST...new enrichment!
★ NO CHANGE IN FLAVOR ★ NO CHANGE IN APPEARANCE
★ NO CHANGE IN BAKING QUALITIES

Pillsbury answers your questions about this new enrichment of white flour

● You understand that modern science has perfected a way to add precious food elements to your "daily bread." But just what is being added? What does it mean to you? Here, briefly, are the answers to those natural questions of yours:

1. **Vitamin B₁ (thiamin)** is added—helps the body make proper use of energy foods (carbohydrates), which is essential to: (a) Proper growth in children.

2. **Iron** is added—helps build red blood.

3. **Vitamin P-P** is added—another member of the Vitamin B complex, which also overcomes certain deficiencies in the diet.

● Every pound of Pillsbury's Best is now enriched with these three food essentials.

Around New York

By GEORGE TUCKER

NEW YORK—Wild geese flying are a sight rarely vouchsafed to city dwellers. But New Yorkers have their own harbingers of the seasons. Most unfailing of these are the migratory horse players, followers of the sun. Now they are back from the Florida horse parks, tanned and insolvent, faced with their annual spring crisis of promoting a new spring suit and a ticket to the Kentucky Derby at Louisville.

This group is perhaps the most compact unit in the Broadway community. They live in a pure communist state, insofar as that state is share and share alike. When one is broke all are broke. There is a measure of windfall money for all. This is because their revenue is produced by red-hot tips at the track, and they pass these around. That also accounts for their common poverty. When the tips fail them, panic ensues.

JUST where this clique gets its operating money is one of the town's most impenetrable mysteries. Invariably they finish the New York season penniless. Yet, a week later you will find them on the lawn of the Pimlico clubhouse in Baltimore. Several weeks after that they will be part of the Miami winter colony, lounging at the Roney-Plaza's swimming pool in the morning, and storming the mutual windows at Hialeah and Tropical in the afternoon.

Few of them work, although on occasions one will accept a job that gives them the afternoon off. Mostly they attach themselves to free-spenders and dispense inside information on horses in payment for a winning ticket. Movie stars, won to racing with the legalization of the sport in California, are generous patrons of these gypsy-like creatures. It is no uncommon sight at Belmont or Saratoga to behold a Hollywood celebrity, taking the sun, being administered to by these eager courtiers. One

will arrive to whisper excitedly that such a number of \$100 tickets have been sold on a certain horse. Scouting the \$100 window is an easy way to impress a newcomer, but insiders know it means nothing. The wise money patronizes the less aristocratic booths. It is just as easy to buy twenty \$5 tickets as a single \$100 slip.

ACTUALLY, these givers of information render nobody any great service. They are invariably backers of the race's favorite—"chalk eaters," in the parlance of the turf—and they have only to glance at the mutual listings to know which horse is favored. Their fury when the favorite is beaten is fierce and personal, and their contempt for a happy-go-lucky plunger who picks a long shot is measureless. They are personally affronted every time a long shot wins.

There are some picturesque characters among these de luxe vagabonds. One maintains a Rolls-Royce and a colored valet. The valet transports the car to the tracks, employing his own resources to get gas, oil and his own meals. The master usually makes the journey as the guest of some beneficent stable-owner. There is still another whose boast is that he never has attended the Derby other than by private car. Needled by mention of the car is always chartered by another. Still a third thrives on snobbery. He refuses to serve anybody who fails to measure up to his standards of sportiness. It is surprising to notice how many vainglorious public figures count it a distinction to give him their money.

There they are, the wild geese of Manhattan.

ANNUAL SPRING MEETING TO BE HELD APRIL 24

much anticipated by all the women interested in the work of the past year and serves as their "achievement day."

The morning session will start at ten o'clock, with reports and skits by various groups, continuing until noon.

A luncheon will be served at noon and a large display of handwork done by women throughout the county will be a feature of the noonday program.

She leaned back, drawing a long breath. She relaxed enough to take out her vanity and begin putting herself in order. She looked down into the tiny glass to see what Martin had seen. The great brown eyes were shining. She looked eager, gay, excited. She mustn't. She must look gay, but nonchalant enough. She must look as if Jordan Estill might have a chance with her. She must swing into the stuffy old Oederdonk party like a small princess deigning.

There Were Voices On The Stair

at her feet. Something which had caught on the clip at her neckline—she had felt the jerk. She did not stoop to get it till the swing door closed, and she heard him calling "Taxi!" and a whirr of the starter.

The feeling of his face was still warm against hers, her body was warm from his hold. It had all gone so crazily, so quickly, that it seemed like something she had dreamed. Something she had always wanted to dream, rather than that which had come too briefly true. She stooped to the trinket glittering by her foot.

It was the sort of thing a man wore on a watch chain or in a buttonhole, or a girl on her charm bracelet. A tiny gold ski, delicate and perfect. She turned it over, holding it by its ring. It was initialed: "M. M. D." and had a date of three years back. Under the date was "Golden Ski Championship," and the name of a famous international meet. Something a man would hate to lose more than his fraternity pin.

She dropped it into her white silk handbag, then fished it out and anchored it to the lining by a safety pin. She must have it safe to give back.

But she couldn't give it back. He was gone, and she didn't even know his last name.

She moved slowly back into the smoke-heavy main room. The band was back to swing again; some of the dancers were going crazy, others were checking in corners.

A good party. Just the usual traditional good postgraduation party. She saw with faint surprise, as if she had come back a very long way, from somewhere, Jordan Estill moving over to her. He had a worried frown, Jordan Estill... She had forgotten there was any such person.

"Where on earth were you?" he said. "I was worried."

"Dancing," Eileen said.

"The crowd hid you, when you jumped down—darn that fool Huhn!—and when I got round to you you were gone."

"I'm here now."

"What's the matter, Eileen? Were you hurt? Did you faint or anything?"

"Not a thing." Suddenly she stiffened. "Jordan, you were right. Let's quit this party. Come on to the Oederdonks."

Jordan looked relieved.

"We really should have done it," he said, "in the first place."

Chill Party

DENVER is a city of magnificent distances. And Jordan's old car broke down once. Not

"I appreciate your doing this," Jordan said earnestly as they got out. "You know how it is. The Oederdonks mean a lot to the university."

Eileen pretended not to hear him. She was sweeping into the Oederdonks' wide hall, in its party array of palms and cotton-gloved servingmen, head high, eyes ahead. The polite orchestra was still playing. The long vista of rooms was half empty. Mrs. Oederdonk, high-bosomed, white-waved, over-sweetly beaming, came forward, hands out. She beamed in encouraging the young, and also in the marriage of young instructors.

"So glad to see you," she murmured. "So sorry you were delayed."

No Luck

JORDAN was able to say that the car had broken down, and did say so. Mrs. Oederdonk's black-velvet bosom; supporting its orchids, lifted sympathetically. "Now, never mind. I quite understand. I don't mind in the least. Come back to the refreshment room. You must be very hungry after all that singing. Miss Gardner. Your good aunt has been quite wondering about her little girl."

Ordinarily Eileen would have been tempted to point out that Aunt Louise was no better than anybody else. But tonight she had only one idea.

"Has the Willesdonk party gone?" she demanded, as they were shepherded out of the hall and into the dining room beyond, still impressive and gleaming with candles.

Before Mrs. Oederdonk could answer, there were voices at the top of the stairs. The party was streaming down. A Congressman, one important statesman Eileen remembered from a magazine cover, two or three older men and women, a couple of girls. She ran from the dining room, but the hall was full of others.

Miss Willesdonk was in the center of the descending group, more beautiful than ever in the long red cape she had thrown over the gown she had spoken in. She might have ridden a whole circuit of white horses in her World War girlhood, but eyes sparkling, red lips laughing back to the hatchet-faced Senator behind her, she scarcely looked thirty.

One arm was thrust through Martin's. Martin himself was talking to one of the young secretaries, a handsome girl in a black dinner dress with black hair brushed shining smooth.

Mozart Club Members in Delightful Recital For Annual Exchange With Philomel Club

There was a fine attendance Wednesday afternoon for the annual Mozart-Philomel exchange program, with many members of the Jamestown club accompanying those who came to present the program.

Mrs. Allie Russell, president, made announcement of the complimentary recital to be given at the clubhouse this evening by Miss Ruth Goldblum, of New York City, and extended an invitation to Mozart members to be present. She spoke, also, of a very important meeting to be held next Wednesday, when every active member of the club is asked to be present. This date is the monthly study meeting and Mrs. Russell will show pictures of Paris and tell of its cultural spots.

She reminded local members that the Philomel will be entertained by the Mozart Club on Saturday afternoon, April 26, at the home of Mrs. Alfred C. Davis, at Victoria, with Margaret Stern Parker playing a piano recital. This meeting is scheduled for three o'clock and Mrs. N. D. Paterson will be in charge of arranging transportation. Members were asked to make a

special effort to be present on the afternoon of April 30, when Junior Philomel members will give their annual program for adult members.

After extending a cordial welcome to the visitors, Mrs. Russell introduced the Mozart president, Mrs. W. Gifford Hayward. The meeting was then turned over to the visitors, Mrs. Richard N. Lindbeck and Mrs. L. MacPherson having arranged a delightful afternoon of musical events.

It was necessary to make several changes in the previously announced program and those heard were Miss Leola Carline Anderson and Miss Anna A. Knowlton in two two-piano selections; Jens Sterup, baritone, in two groups of solos; with Mrs. Willis at the piano; Mrs. Harvey M. Osgood, in an amusing group of poems; and, to conclude, the Mozart Chorus in a group of Scandinavian songs.

A friendly social time followed, with Mrs. J. F. Baldwin and the following hostesses in charge of tea: Mrs. Harriet Wilkins, Mrs. E. H. Beshlin, Mrs. N. D. Paterson, Mrs. Everett Borg, Mrs. Harry Logan, Mrs. Lester Elmer, Mrs. Arthur Franks, Mrs. William E. Yeager and Mrs. C. A. Pettibone.

Bigger And Better Kresge Store Plans Formal Opening

Combined and Modernized Version Of Two Former Stores Is Being Presented to Public on Saturday

With the opening of the new S. S. Kresge 5c to \$1.00 store at the corner of Liberty street and Second avenue on Saturday, April 19, Warren shoppers will have the latest and best to be offered in variety merchandising shops.

FRANK A. WOOD TO PRESIDE AT STORE OPENING

Successfully climaxing 18 years of service with the S. S. Kresge Company, Frank A. Wood will preside at the opening of the new Kresge 5c to \$1.00 store Saturday, Mr. Wood has been in Warren since 1938 as manager of the 5 and 10 cent store, now incorporated into the new unit.

In accordance with the Kresge policy of providing "combination" stores—units in which both low price "dime" items and higher value "dollar" items are available—the Warren unit was changed to the newer classification in February of this year.

Mr. Wood, who was born at Auburn, N. Y., in 1903 has a wide background of retail store merchandising. He worked on a farm for a year after graduating from high school in 1921. In November,

FRANK A. WOOD

1923, he entered the employ of the Kresge Company at the "dime" store in Auburn. Then he moved from store to store for several years to gain experience. This is the Kresge method of training prospective managers.

Mr. Wood went to Passaic, N. J., in 1924 as a floorman and back to Auburn the following April. From 1926 to 1932 he served as assistant manager in the Kresge stores in Lockport, N. Y., Niagara Falls, N. Y., Detroit, Mich., Fort Wayne, Ind., Monroe, Mich., and Mt. Clemens, Mich.

He received his first managerial position in 1932 when he was sent to the Ashtabula, Ohio, store. Six years later he arrived in Warren to assume charge of the dime store on Liberty street and has remained here ever since.

Mr. Wood and his wife, the former Miss Genevieve Edwards, of Union Springs, N. Y., live at 103 Willowby street. They have three sons, Edward, a student at Beatty school, Donald and John, who attend Home street school. They are members of the First Methodist church. Mr. Wood is a Mason and a Kiwanian.

H. G. Goering will assist Mr. Wood in directing the activities of the new store. The new assistant manager joined the Kresge company in 1931 and came to Warren from Rochester, N. Y., in February.

Mr. and Mrs. Goering, with their daughter, Sonya Lee, eight years old, and son, Gerald, six months old, live at 419 Water street. They attend St. Joseph's church.

The new and greater Kresge's is a combined and modernized version of the two former Kresge stores on Liberty street, plus the small store formerly leased to Jean Frocks. In accordance with the Kresge Company's policy of simplifying shopping, customers will now find a complete range of 5c and 10c and also 25c to \$1.00 merchandise attractively displayed under one roof.

A 27-stool fountain luncheonette, completed ahead of the rest of the store, was opened to the public on March 1. Modern in equipment, illumination and service facilities, this section has provided excellent eating facilities for the busy Warren shopping district.

The modernization of the exterior of the combined stores included the installation of a new red porcelain enamel sign with gold leafed lettering which gives the price ranges of the store. The new additional store frontage has been given a granite base, copper sash bars and awning hoods to match the former store fronts.

The store has five entrances from Liberty street and one from Second avenue. The enlarged store, which is irregular in shape, has 97 feet of Liberty street frontage and extends 120 feet on the left side and 110 feet on the right. There is over 10,000 square feet of sales area, with an equal basement area for stock storage, preparation rooms, mechanical equipment, etc.

The second floor along Liberty street is used for rest rooms, lunch rooms and coat rooms for the salesgirls in the new store.

Two stairways lead to the second floor, three to the basement and one to the mezzanine office and ladies' lounge.

The former "dime" store was opened August 17, 1928, and the dollar store was built and opened on January 25, 1930. The S. S. Kresge Company owns the entire plot of ground.

The interior of the store has been modernized by the addition of new counters and the rearranging of others to make use of the added space. A new candy counter, with a dumb waiter leading to the enclosed candy storage room in the basement, will display Kresge's famous and inexpensive candies.

In addition to the fountain, other food counters include a 12-foot stand-up lunch counter between the front entrance doors. This department specializes in barbecued sandwiches and cold drinks and other quick snacks. A 14-foot delicatessen counter with a modern refrigerated display case is beside the 51-foot fountain and has the same modernistic tile wainscot.

One of the most outstanding departments in the new store is the infants' wear department, located in a special section at the rear of the store. Heralded by a gigantic "Baby Shop" sign across the front, this section will be attractive with pastel paint, linoleum floor and decorative storks. Mothers of infants and toddlers up to 6 will delight in shopping in this special section.

Six modernistic millinery tables with plenty of mirrors will display the latest in hats. Chairs are provided for customer comfort beside the pattern department near the front entrance door.

Other unusual departments that Warren shoppers will want to visit include the electric counters with new displays for fixtures, the furniture platform, the dress department and the pet supplies and aquarium.

An innovation in the store is the balcony over the Baby Shop for the store office and ladies' lounge. A stairway to the left of the infants' wear leads to the comfortably furnished, modernistic public rest room for shoppers. As an added convenience, a public telephone has been installed in the ladies' lounge.

A master intercommunicating system, permitting two-way conversations, has eight outlets. The three master outlets, which allow two-way calls, are located in the manager's office and on the right and left sides of the sales floor. The four secondaries, which can answer calls but not make them, are all in the basement stockrooms. This system is used for calling the stockrooms for speedy replacements of stocks or for special merchandise.

A public address system with eight speakers in the salesroom has been installed. This system is used to play music, to announce sales and daily "specials." The microphone is located at the record department behind the stairway as

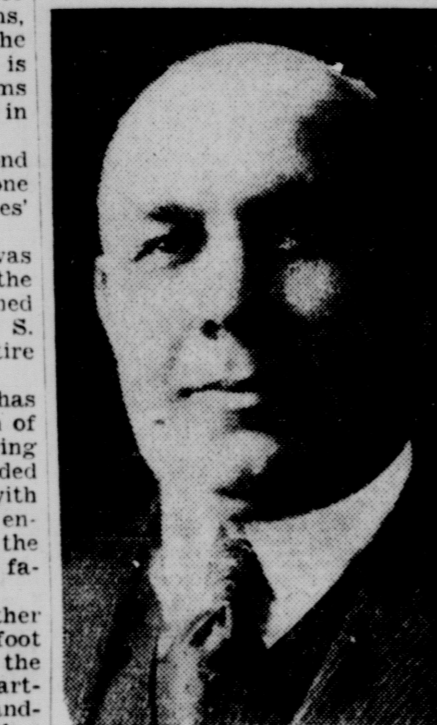

PENNSYLVANIAN IS FOUNDER OF KRESGE SYSTEM

A new type S. S. Kresge store will be opened to shoppers of Warren Saturday, April 19, according to an announcement made by Store Manager F. A. Wood today. The Warren unit at 204 Liberty street will be the 37th of the new "combination" Kresge stores to be opened since this division was created a year ago.

The combination stores carry a complete line of 5 and 10c articles as well as a varied range of 25c to \$1 merchandise. Thus, shoppers are able to purchase the inexpensive necessities and also the better value bargains in one store. Kresge officials inaugurated this new type store to keep pace with shoppers' desires.

In many instances, as at Warren, the former "dime" and "dollar" stores were combined to form one, large, modernized shopping unit.

Since Sebastian S. Kresge opened the doors of his first store in Detroit, Michigan, in 1897, the Kresge company has expanded rapidly and efficiently. At present there are 504 "5 and 10c" stores, 130 "25c to \$1" units and 37 of the new "5c to \$1" stores throughout the United States. In addition there are 61 Kresge stores in Canada to make a total of 732 stores.

S. S. KRESGE

The American stores are in 375 cities in 26 states and the District of Columbia. New York leads the state totals with 87 stores in operation. Michigan is second with 81 and Illinois a close third with 80. Ohio ranks fourth with 74 and Pennsylvania is fifth with 62 stores, including the Warren unit. Thus, the original intent of Mr. Kresge to locate stores in rapidly growing centers, has been carried through.

There are 384, or more than half of the total 732 stores, located in the five leading industrial states of the union.

Mr. Kresge's early life is closely bound up with Pennsylvania. He was born at Bald Mount in 1868 and began his merchandising career in a Scranton grocery store. After working in the store he went to business college at Poughkeepsie, N. Y., with money he earned from raising pigeons, doves and bees as a hobby. He graduated in 1889.

Kresge spent two years as a bookkeeper with Howley Brothers in Scranton before going on the road as a traveling salesman for W. B. Bertels, Son and Co., at Wilkes-Barre. He traveled and sold for five years until he invested the money he saved in a half interest in a Memphis, Tenn., store. When the partnership opened a

one enters the front door.

Adding attractiveness to the store is the new lighting system which has been installed. The principal lighting comes from semi-indirect incandescent lights hung from the ceiling. Around the entire sales room, as well as in the ladies' lounge and office, are new-type fluorescent lights, which add much to the appearance and provide better illumination.

Free customer parking is featured by the store. Those desiring to make their purchases here may leave their cars in the recently opened parking lot at the rear of the store at no cost.

Detroit store, Kresge traded his interest in the Memphis store to become sole owner of the Detroit store. From this humble start, he rapidly worked his way up the ladder of success to build a mercantile system and a fortune of more than \$50,000,000 and then to give away more than three-fourths of that fortune to charity and philanthropic organizations.

He retired from the presidency of the company in 1925 but has maintained his active interest in the company he founded. He now serves as chairman of the board of directors, attending board and stockholders meetings in Detroit several times a year.

Mr. Kresge maintains a summer home at "Mountainhome", Pennsylvania.

In many instances as at Warren the former "dime" and "dollar" stores were combined to form one large modernized shopping unit.

Since Sebastian S. Kresge opened the doors of his first store in Detroit, Michigan, in 1897 the Kresge company has expanded rapidly and efficiently. At present there are 504 "5 and 10c" stores, 130 "25c to \$1" units and 37 of the new "5c to \$1" stores throughout the United States. In addition there are 61 Kresge stores in Canada to make a total of 732 stores.

The American stores are in 375 cities in 26 states and the District of Columbia. New York leads the state totals with 87 stores in operation. Michigan is second with 81 and Illinois a close third with 80. Ohio ranks fourth with 74 and Pennsylvania is fifth high with 62 stores including the Warren unit. Thus the original intent of Mr. Kresge to locate stores in rapidly growing centers, has been carried through.

There are 384 or more than half of the total 732 stores located in the five leading industrial states of the union.

Mr. Kresge's early life is closely bound up with Pennsylvania. He was born at Bald Mount in 1868 and began his merchandising career in a Scranton grocery store. After working in the store he went to business college at Poughkeepsie, N. Y., with money he earned from raising pigeons, doves and bees as a hobby. He graduated in 1889.

Kresge spent two years as a bookkeeper with Howley Brothers in Scranton before going on the road as a traveling salesman for W. B. Bertels, Son and Co., at Wilkes-Barre. Adding attractiveness to the entire store is the new lighting system which has been installed. The principal lighting comes from semi-indirect, incandescent lights hung from the ceiling. Around the entire sales room as well as in the ladies lounge and office are new-type fluorescent lights which add much to the appearance and provide better illumination.

Free customer parking is featured by the store. Those desiring to make their purchases here may leave their cars in the recently opened parking lot at the rear of the store at no cost.

Detroit store, Kresge traded his interest in the Memphis store to become sole owner of the Detroit store. From this humble start, he rapidly worked his way up the ladder of success to build a mercantile system and a fortune of more than \$50,000,000 and then to give away more than three-fourths of that fortune to charity and philanthropic organizations.

He retired from the presidency of the company in 1925 but has maintained his active interest in the company he founded. He now serves as chairman of the board of directors attending board and stockholders meetings in Detroit several times a year.

Mr. Kresge maintains a summer home at "Mountainhome," Pennsylvania.

Combined and Modernized Version Of Two Former Stores Is Being Presented to Public on Saturday

With the opening of the new S. S. Kresge 5c to \$1.00 store at the corner of Liberty street and Second avenue on Saturday, April 19, Warren shoppers will have the latest and best to be offered in variety merchandising shops.

F. A. Wood who has been manager of the former "5 and 10c" store since 1938, will be in charge of the new unit.

FRANK A. WOOD TO PRESIDE AT STORE OPENING

Successfully chmaining 18 years of service with the S. S. Kresge Company Frank A. Wood will preside at the opening of the new Kresge 5c to \$1.00 store Saturday.

In accordance with the Kresge policy of providing "combination" stores—units in which both low price "dime" items and higher value "dollar" items are available—the Warren unit was changed to the new classification in February of this year.

Mr. Wood who was born at Auburn N. Y., in 1903 has a wide background of retail store merchandising. He worked on a farm for a year after graduating from high school in 1921. In November,

FRANK A. WOOD

1923, he entered the employ of the Kresge Company at the "dime" store in Auburn. Then he moved from store to store for several years to gain experience. This is the Kresge method of training prospective managers.

Mr. Wood went to Passaic, N. J., in 1924 as a floorman and back to Auburn the following April. From 1926 to 1932 he served as assistant manager in the Kresge stores in Lockport, N. Y., Niagara Falls, N. Y., Detroit, Mich., Fort Wayne, Ind., Monroe, Mich., and Mt. Clemens, Mich.

He received his first managerial position in 1932 when he was sent to the Ashtabula, Ohio store. Six years later he arrived in Warren to assume charge of the dime store on Liberty street and has remained here ever since.

Mr. Wood and his wife, the former Miss Genevieve Edwards of Union Springs, N. Y., live at 103 Wiloughby street. They have three sons: Edward, a student at Beatty school; Donald, and John, who attend Home street school. They are members of the First Methodist church. Mr. Wood is a Mason and a Kiwanian.

H. G. Goering will assist Mr. Wood in directing the activities of the new store. The new assistant manager joined the Kresge company in 1931 and came to Warren from Rochester, N. Y., in February.

Mr. and Mrs. Goering with their daughter, Sonya, Lee, eight years old, and son, Gerald, six months old, live at 419 Water street. They attend St. Joseph's church.

The new and greater Kresge's is a combined and modernized version of the two former Kresge stores on Liberty street, plus the small store formerly leased to Jean Brooks. In accordance with the Kresge Company's policy of simplifying shopping, customers will now find a complete range of 5c and 10c and also 25c to \$1.00 merchandise attractively displayed under one roof.

A 27-foot fountain luncheonette, completed ahead of the rest of the store, was opened to the public on March 1. Modern in equipment, illumination and service facilities, this section has provided excellent eating facilities for the busy Warren shopping district.

The modernization of the exterior of the combined stores included the installation of a new red porcelain enamel sign with gold leafed lettering which gives the price ranges of the store. The new additional store frontage has been given a granite base, copper sash bars and awning. Locks to match the former store fronts.

The store has five entrances from Liberty street and one from Second avenue. The enlarged store, which is irregular in shape, has 97 feet of Liberty street frontage and extends 120 feet on the left side and 110 feet on the right. There is over 10,000 square feet of sales area, with an equal basement area for stock storage, preparation rooms, mechanical equipment, etc.

The second floor along Liberty street is used for rest rooms, lunch rooms and coat rooms for the salesgirls in the new store.

Two stairways lead to the second floor, three to the basement and one to the mezzanine office and ladies lounge.

The former "dime" store was opened August 17, 1928, and the dollar store was built and opened on January 25, 1930. The S. S. Kresge Company owns the entire plot of ground.

The interior of the store has been modernized by the addition of new counters and the rearranging of others to make use of the added space. A new candy counter, with a dumb waiter leading to the enclosed candy storage room in the basement, will display Kresge's famous and inexpensive candies.

In addition to the fountain other food counters include a 12-foot stand-up lunch counter between the front entrance doors. This department specializes in baked goods, sandwiches and cold drinks and other quick snacks. A 14-foot delicatessen counter with a modern refrigerated display case is beside the 51-foot fountain and has the same modernistic tile wainscot.

One of the most outstanding departments in the new store is the "dolls" wear department located in a special section at the rear of the store. Headed by a gigantic "Baby Shop" sign across the front, this section will be attractive with pastel paint, linoleum floor and decorative stools. Mothers of infants and toddlers up to 6 will delight in shopping in this special section.

Six modernistic millinery tables with plenty of mirrors will display the latest in hats. Chans are provided for customer comfort beside the pattern department near the front entrance door.

Other unusual departments that Warren shoppers will want to visit include the electric counters with new displays for fixtures, the furniture platform, the dress department and the pet supplies and aquarium.

An innovation in the store is the balcony over the Baby Shop for the store office and ladies lounge. A stairway to the left of the infants' wear leads to the comfortably furnished modernistic public rest room for shoppers. As an added convenience a public telephone has been installed in the ladies lounge.

A master intercommunicating system, permitting two-way conversations has eight outlets. The three master outlets, which allow two-way calls are located in the manager's office and on the right and left sides of the sales floor. The four secondaries, which can answer calls but not make them are all in the basement stockrooms. This system is used for calling the stockrooms for speedy replacements of stocks or for special merchandise.

A public address system with eight speakers in the salesroom has been installed. This system is used to play music to announce sales and daily "specials." The microphone is located at the record department behind the stairway as

Detroit store, Kresge traded his interest in the Memphis store to become sole owner of the Detroit store. From this humble start, he rapidly worked his way up the ladder of success to build a mercantile system and a fortune of more than \$50,000,000 and then to give away more than three-fourths of that fortune to charity and philanthropic organizations.

He retired from the presidency of the company in 1925 but has maintained his active interest in the company he founded. He now serves as chairman of the board of directors attending board and stockholders meetings in Detroit several times a year.

Mr. Kresge maintains a summer home at "Mountainhome," Pennsylvania.

Located at the rear of the store under the mezzanine, this distinctive department is truly the show place of the entire store.

It is heralded by a large "Baby Shop" sign, which makes it easy to find, and contains all kinds of

apparel for children from infants to toddlers up to six years old. The latest type of fluorescent lighting adds to the beauty of the Baby Shop.

All merchandising in this department is displayed for the convenience of the shopper on counters, racks and in show cases.

BY WM. E. MCKENNEY
America's Card Authority
Most of the country's famous women players were entered in the Eastern mixed pair championship, so Mrs. Phyllis Gardner had good cause to be excited when the scores declared her the winner of the George Reith Memorial Trophy. It was her first major championship, and she played skillful bridge throughout the tournament to earn her victory.
East won the opening lead with the king of clubs and shifted to a diamond. Mrs. Gardner, who sat South, won with the ace and led the jack of clubs to establish the queen for a quick sluff. East won and returned another diamond. Mrs. Gardner winning with the king.
Dummy's queen of clubs was cashed, but Mrs. Gardner did not make the mistake of discarding her diamond, as this would still leave her with a loser in spades and another in trumps. She saw a chance to make her contract by discarding a spade.
Then she cashed the ace and king of spades and ruffed the third spade, establishing a thirteenth in dummy. She cashed her ace of hearts, went over to the king and played the good spade, on which she discarded her losing diamond. The defenders thus won only two clubs and a trump.
A diamond opening, of course, could have defeated the contract.

NO BIBLICAL MENTION
The peach is an ancient fruit and it seems singular that no mention of it is made in the Bible, for it is known to have been introduced into Italy as early as the time of Claudius, 50 A. D.

Cancer of the tonsils, considered incurable 20 years ago, now can be cured once in five cases.

Metzger-Wright's To Give Double Stamps

During the three days of the Carnival of Values and After Easter Clearance, the Metzger-Wright Company is offering its customers double discount stamps, meaning a saving of five per cent on all the cash purchases made during the sale. Seven years ago, Metzger-Wright's started its customer saving the discount stamp way, which meant a saving of two and a half percent on all cash purchases and on all accounts paid in full before the fifteenth of the month following the date of purchase.

During the seven years this has meant a saving of \$20,000 to its customers, which represents 11,411 stamp certificates. During these three days not only will merchandise be offered which has been reduced, but new spring merchandise at special prices which will mean even a greater saving than the 5% on discount stamps, on merchandise which is needed right now.

America's Card Authority
Most of the country's famous women players were entered in the Eastern mixed pair championship, so Mrs. Phyllis Gardner had good cause to be excited when the scores declared her the winner of the George Reith Memorial Trophy. It was her first major championship, and she played skillful bridge throughout the tournament to earn her victory.

East won the opening lead with the king of clubs and shifted to a diamond. Mrs. Gardner, who sat South, won with the ace and led the jack of clubs to establish the queen for a quick shift. East won and returned another diamond. Mrs. Gardner winning with the king.

Dummy's queen of clubs was cashed, but Mrs. Gardner did not make the mistake of discarding her diamond, as this would still leave her with a loser in spades and another in trumps. She saw a chance to make her contract by discarding a spade.

Then she cashed the ace and king of spades and ruffed the third spade, establishing a thirteener in dummy. She cashed her ace of hearts, went over to the king and played the good spade, on which she discarded her losing diamond. The defenders thus won only two clubs and a trump.

A diamond opening, of course, could have defeated the contract.

NO BIBLICAL MENTION

The peach is an ancient fruit and it seems singular that no mention of it is made in the Bible. It is known to have been introduced into Italy as early as the time of Claudius, 50 A. D.

Cancer of the tonsils, considered incurable 20 years ago, now can be cured once in five cases.

NATION-WIDE STORES CONTRIBUTE WITH

Enriched NATION-WIDE FLOUR

ENRICHED WITH VITAMIN B₁, IRON AND VITAMIN A

The United States Government asked that enriched flour be put on the market as fast as possible—as a defense measure, to help create a stronger, more vital people.

Nation-Wide responded immediately. ENRICHED Nation-Wide All Purpose Flour can now be obtained at all of our stores. There's been no flour news as important as this in fifty years!

Enriched Flour is wheat flour which contains added vitamins and minerals. Now, in addition to being the most versatile and economical energy-yielding food, flour also provides, in economical form, needed vitamins and the essential mineral iron.

Although everyone knows that vitamins and minerals are essential to health, surveys have shown that about 40 per cent of all Americans eat a diet which fails to provide all of these nutrients they need. What American dietaries lack chiefly are some of the B-vitamins and iron. Other minerals and vitamins are important, too, but getting them into the diet seems not to be quite such a problem for most people as getting enough iron and the B-vitamins known as thiamin (B₁) and nicotinic acid (the pellagra-preventing vitamin).

Sheffield, April 16—The April meeting of the Sheffield township school board was held Monday evening in the high school with all but one member present and with C. H. Whittaker, president, in charge.

Friday of this week the board will conduct the annual inspection of the school buildings and other property and from its findings will plan whatever repairs and alterations are necessary.

Board members present included Mr. Whittaker, Chris Yutze, L. B. Jones. Also present were school principals L. O. Eisenhauer, D. J. Howard and Wayne Chamberlain.

The program at this week's meeting of the Rotary Club was an interesting talking movie titled "Singing Wheels", an industrial film made for a nationally-known motor truck manufacturing concern. The picture was shown through arrangements made with the owner by D. L. Taylor, member of the club and head of the Taylor Transportation Company, Weidbank. The picture machine was loaned by the Warren Baking Company and was operated by Mr. Putnam of that firm.

The meeting was held Tuesday noon in Bob's Restaurant and was conducted by C. H. Whittaker, president. Local guests present were John Simko and Rudolph Nelson.

Metzger-Wright's To Give Double Stamps

During the three days of the Carnival of Values and After Easter Clearance, the Metzger-Wright Company is offering its customers double discount stamps, meaning a saving of five per cent on all the cash purchases made during the sale. Seven years ago Metzger-Wright's started its customer saving the discount stamp way, which meant a saving of two and a half percent on all cash purchases and on all accounts paid in full before the fifteenth of the month following the date of purchase.

During the seven years this has meant a saving of \$30,000 to its customers, which represents 11,411 stamp certificates. During these three days not only will merchandise be offered which has been reduced, but new spring merchandise at special prices which will mean even a greater saving than the 3 1/2 per cent discount stamps on merchandise which is needed right now.

NATIONAL DEFENSE!

Enriched NATION-WIDE FLOUR

ENRICHED WITH VITAMIN B, IRON AND NIACIN

The United States Government asked that enriched flour be put on the market as fast as possible—as a defense measure, to help create a stronger, more vital people.

Nation-Wide responded immediately. ENRICHED Nation-Wide All Purpose Flour can now be obtained at all of our stores. There's been no flour news as important as this in fifty years!

Enriched Flour is wheat flour which contains added vitamins and minerals. Now, in addition to being the most versatile and economical energy-yielding food, flour also provides, in economical form, needed vitamins and the essential mineral iron.

Although everyone knows that vitamins and minerals are essential to health, surveys have shown that about 40 per cent of all Americans eat a diet which fails to provide all of these nutrients they need. What American dietaries lack chiefly are some of the B-vitamins and iron. Other minerals and vitamins are important, too, but getting them into the diet seems not to be quite such a problem for most people as getting enough iron and the B-vitamins known as thiamin (B1) and nicotinic acid (the pellagra-preventing vitamin).

Labor Day was inaugurated by the Knights of Labor in 1882.

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

IS NEW HEAD

At the annual meeting of the Northwestern Pennsylvania Fracture Association, held Tuesday at Hamot Hospital in Erie, Dr. E. G. Hamilton, of Warren, was elected president for the coming year. The 1942 meeting of the group will be held in Warren. Those from here who attended the session included Dr. E. S. Africa, Dr. R. F. Otterbein and Dr. Quay A. McCune.

CONVENTION CLOSES

Speaking before the closing session of the Pennsylvania Tuberculosis Society in Erie yesterday, Theodore Hatch, associate professor of industrial hygiene at the University of Pennsylvania, told those present that only 15 percent of industrial workers today "have the benefit of full-time medical service." He said this deficiency must be overcome before much progress can be made against tuberculosis or other adult diseases in industry.

CEMETERY MEETING

At the April meeting of the trustees of Oakland cemetery held last evening the board was organized for the coming year with the reelection of old officers as follows: President, E. M. Hutchins; vice president, F. X. Miller; treasurer, Henry J. Sandblader; secretary, Grover C. Lind. Ed C. Lowrey was elected assistant secretary, and Howard D. Kinkead, superintendent. It was reported that due to the favorable weather of the past two weeks spring improvements in the cemetery are far in advance of previous years.

Mrs. Wallace Cowden Again Heads Players; Splendid Acting Seen in Studio Production

Mrs. Wallace Cowden, who is concluding a very successful year as president of the Warren Players' Club, was reelected at the annual business session held last evening at the Woman's Club in conjunction with the April studio meeting.

Others elected at this time were: Vice president, William E. Rice; recording secretary, Jack MacDonald; corresponding secretary, Mrs. Howard Alexander; treasurer, Mrs. Homer Fleming; stage manager, James Frantz; custodian of properties, Mrs. Robert Schorman.

On the nominating committee for selection of these officers were Mrs. George Wholeben, Mrs. Paul Coe and William E. Rice.

"Love From a Stranger" was the choice for this month's studio presentation, with Althea Borden as a capable coach. Seen in this entertaining play, which developed into an intriguing mystery, were Millteen Kopp, Victoria Nelson, Kathryn Frantz, Jack Palen, Frank Cruickshank, Edwin Borden, Mary Jane Jones and Roger Webster.

The two attractive sets, a living room of a London apartment, and a cottage in Bayswater, were the work of Warren Clark, assisted by James Frantz, Paul Gary, John Rossman, Jr., Jean Blodgett and Bill McClure. Lighting was handled by John Rossman, sound effects by Lester Muthert, with Alice Leidig, Dorothy Stewart, Ruth Fleming and Frances Lavery were responsible for properties. Margaret Wright handled make-up and costumes were assembled by Marie Paterson, Dorothy Stone and Marian MacDowell. Others assisting in the production work were Kathleen Simmons, prompter; Fern Mostert and Mary Betty Trusler, script typists; Lester Muthert, stage manager; Meredyth Coe, production manager.

The entire action of the drama moved quickly and smoothly to the dramatic disclosure, that Bruce Lovell was an acquitted murderer back in England from the United States and that he had deliberately sought out Cecily Harrington as his sixth victim because she was a sweepstakes winner and possessor of ten thousand pounds. It would be difficult and unfair to choose a "best" from the cast, since the success of each role was dependent upon the perfect support given by others of the cast.

Al Milnar Hurls Two-Hitter And Blanks White Sox, 6-0

A's Again Step Out To Annex Slug Fest; Dodgers, Reds Lose

BY JUDSON BAILY
Associated Press Sports Writer

For reasons that never have been very clear, a lot of people in baseball do not think Albert Joseph (Happy) Milnar is a first rate pitcher, although he won 18 games for the Cleveland Indians last year. His critics have pointed out that although he was a tremendous success in the Southern Association, he was no great shakes with Milwaukee in the American Association or with Cleveland in two seasons preceding 1940.

He worked fractions of 23 games for the Tribe in 1938 and finished with a record of 3 and 1 and an earned run average of 5.03. The next season he worked in 37 games and won 14 and lost 12.

Now it looks like the big, 27-year-old southpaw may be able to convince the skeptics that his steady, effective effort last year was his real gall, and that his two seasons with New Orleans, where he won a total of 46 games and lost 18, were no fluke.

The Yankees dropped a slugging session to the Athletics 10-7. Among the A's 13 hits were two home runs and a single by Dick Siebert and a homer by Bob Johnson. Five runs were bunched in a big sixth inning. Nelson Potter plodded the whole route for the A's, yielding 10 hits, including round-trippers by Twink Selkirk and Joe DiMaggio, who also had two doubles and a single.

Detroit's American League champion Tigers made a delayed start at St. Louis and were beaten 8-1 by the Browns. Elden Auker muzzled the Tigers with four hits, while the Browns tore into Buck Newsom and Dizzy Trout for 14 and crowded seven runs into the eighth inning.

The Red Sox took their second straight from the Washington Senators 8-7, but had to go 12 innings to do it. The Sox came from behind to tie the score in the ninth with three runs on homers by Bob Doerr and Jim Tabor and won out on Pete Fox's third single of the day, scoring Dom DiMaggio from second.

MARINES LAND KNOLLA
Omaha, April 17.—Johnny Knolla, the nation's leading ground gainer as a Creighton University back last fall, has signed to play pro football with the Pittsburgh Steelers, but may become a marine officer.

Sandusky, O., "Court's adjourned, the judge has the mumps" was an order during a traffic case.

SPORT SCATTERINGS

About this time of year we begin to feel like the small-time comedian who is thrust in front of an audience which includes Bob Hope, Fred Allen, Eddie Cantor, Jack Benny and Edgar Bergen and ordered to be funny. With the passing of basketball season, the community virtually withdraws from the sports scene, except for mushball leagues and scattered independent baseball games, and putting local color into a pillar of this sort requires a super sleuth blessed with plenty of imagination. So it is probable that this bureau will be more or less national in scope until Coach Leidig trots out his blue and white candidates next autumn and the Red Jackets begin to warm up. Meanwhile, our brethren, Johnny Nelson, Stu Maguire, Waite Forsythe, George Dadds and Fred Sica, keep plenty occupied with their Pony League heroes, and Ray Peebles finds copy in the Mid-Atlantic loop. The Sunset League used to be the principal source of local color, but even that has gone by the boards.

With the Moose putting some \$18,000 into new alleys, work on which is well started, it occurs to us that a nice little three-team, once-a-week circuit might be started next year with the Moose, the Conewango Club and the Elks trotting out their top-ranking bowlers for the mythical fraternal crown of the city. With more than 80 keglers in the Conewango Club and more than twice that at the Elks, there should be practically no over-lapping and the L. O. O. M. can produce plenty of good keglers from its own membership. Twice this year the antlered herd and the Market street bowlers have clashed and have enjoyed the matches. With a little build-up, a fraternal bowling league night well be a successful venture from every standpoint.

You've got to hand it to Whitney Martin who helps keep the Associated Press wires alive with his sports column. He not only goes out on the limb in predicting the finishing order of the major leagues, but also comes out with some over-fresh hunches on individuals. For instance, he guesses that the 20-game winners will be Derringer, Feller, Higbe, Newsom and Walters, and that Monte Pearson will win no less than 15 for the Reds. That DiMaggio will hit about .360 to lead the American and that Medwick will belt the ball at a .350 clip in the National are another of Whitney's hunches. Others: Bob Feller will have at least one one-hit game; the Dodgers will be in more fights than Joe Louis; that Mungo will either (1) be fined, (2) suspended or (3) have a sore arm; Jimmy Dykes will get the gate from the unms more than Durocher; that Detroit, Brooklyn, New York Yankees and the Reds will top the million mark in attendance; that Durocher will play 50 games for the Dodgers, and that Jimmy Foxx will see service behind the bat for the Red Sox before the season ends. Paste these in your hat.

YEARS AGO IN SPORTS
April 17, 1921.—The major league players who were black-listed after the Black Sox scandal last year are having a tough time of it. Even semi-pro clubs are not scheduling the barnstormers and a semi-pro leagues refuse to allow the Sox in the fold and forbids its players from playing on the same team with the men involved in the scandal.
April 17, 1931.—Coach Jake Leidig's Dragon baseball team had an easy time of it in the opener yesterday, all of the team participating in the 27-5 rout of Sugar Grove. Samuelson and Coppola divided the pitching and "J. D." Sealise led the hitting with four wallops.

Golf Swing Tune-Up

By GRAIG WOOD
Augusta Masters' Golf Champion

4. Down Swing: Begin this movement by bringing the hands downward towards the feet—not outwards toward the ball—using the left hand for the purpose. With this left hand predominating, the left hip comes back into the original position of the address and the left heel comes back into original position also.

Throughout the entire downswing keep the left arm straight. Don't take your eye off the ball during the entire action.

TOP TEN ABC TEAMS STILL UNDISTURBED

St. Paul, April 17.—(P)—More potent pinsters will attempt to dethrone the American Bowling Congress leaders tonight.

Three teams went over the 2900 mark during last night's firing. M. O'Neil, Akron, O., hitting 2,927. Hams, St. Paul, Minn., 2,913, and the Minneapolis Star-Journal 2,900, but failed to reach the high ten.

In topping the 80-team schedule last night, O'Neils of Akron posted games of 967, 943, 1,017 and were paced by Tony Agalti who scored 644.

Charley Clark, Jr., of Auburn, N. Y., rolled into ninth place in the all-events with a 1,930 to create the only change among the high ten leaders in any event during Wednesday's bombardment.

Billy Conn Maddest Guy In Fisticana As Mike Procrastinates

Pittsburgh, April 17.—(P)—The maddest guy in the fistic world today is Billy Conn—mad because he figures the lush heavyweight title is right within his grasp and yet no word from Promoter Mike Jacobs that his fight with Joe Louis is "on."

Jacobs had said the scrap would be held in June but now, he wants it postponed to July—which rubbed the fur the wrong way on both Conn and his manager, Johnny Ray. Johnny says June would be the better month from the financial angle. Conn would be at his peak then and might suffer from the month's lay-off if the fight is postponed.

"Wouldn't you be sore?" quoth Conn, pointing out he retired undefeated as light heavyweight champion and hasn't been beaten in the heavyweight division.

"This fight is all I've lived for, all I've ever wanted.

"And what happens? I, the one who can lick him, sit here doing nothin'. Nothin' but worry that one of those bums he has been fighting will get to him first."

In one word Conn is hungry. Hungry for the big title and its riches. So far his fights have brought him "no great heaps of cabbage," he laments.

Many sport experts think the slim 175-pound dancing master of the ring would be mismatched against the 200-pound heavyweight champion, but Conn is among the group contending that a good man weighing 175 can take on anyone, no matter how big.

Billy said that after watching Tony Musto "stick around" with Louis, "I'm positive I'm going to be the next heavyweight champion."

"Joe has slipped badly," he elucidated. "He caught Musto a hundred times with his Sunday punches and Musto stood up. Here's how I'll lick him: I'll stab him silly. Joe is slow as a turtle and he has to get set to punch. He'll never do that with me in there."

Sports Round-up

BY EDDIE BRIETZ
New York, April 17.—As thousands cheer depl.: Capt. Eddie Rickenbacker mending so nicely he may attend the Indianapolis 500-mile race, but on crutches. Aldo Spoldi, an Italian, will be fighting for the British when he hooks up with Chaiky Wright in a relief fund bout, May 1. Some N. Y. golf clubs are considering using girl caddies to relieve the shortage of boys called in the draft. Don't bet Jim Milne, Michigan State high jumper, can't clear five feet, eight in his overcoat—the guy's done it. Who is that Honey John McDonald, Dodger secretary, is squiring around?

And How!
Lefty Lovill (Chubby) Dean Can throw the ball and sock it.
He may not sock the Yankee ship.
But boy, how he can rock it!
... O. B. Coffeyville, Kans.

Wacky Baseball Day
Mrs. John J. McGraw went to see the Yankees instead of the Giants. ... The two bands at the Dodger opening got into such a hot argument over which should play the national anthem, they finally had to play it on a record via the public address system. ... Yankees, Reds and Dodgers, three of the favorites lost, but the Athletics and Phillies won. ... Lady fan called Ebbetts Field and told 'em if Dixie Walker wasn't going to be in there, she'd be darned if she went. ... Only one writer mentioned that the passes issued by Hal Schumacher were costlier than those put out by the Dodgers. ... And one of the aircasters became so excited at all the goings-on that he had the White Sox pinning Feller's ears back, then hopping over to the National League and scuttling the Pirates. ... Quite an opening day, boys.

Confidence Dept.
Alan Clarke's two-year-old Walter Haight, was named for the racing writer of the Washington Post. ... Clarke named the colt, foaled April 11, 1939, without knowing it was born on the real Walter Haight's birthday. ... And still without knowing it was Haight's birthday, ran the colt for the first time April 11 this year.

APRIL SHOWERS SCANTY

Warren was visited by the first April showers of the month late Wednesday afternoon and evening, but the precipitation was far too scant to be of much good in relieving the forest fire situation and give the earth the soaking that is needed to bring on the spring foliage.

BUYERS IN NEW YORK

Miss Clara Weidert, buyer of ready-to-wear and lingerie, Allan Johnson, buyer of home furnishings, and William Lord, buyer of accessories and men's wear for the Metzger-Wright Company, are in New York this week doing the summer and early fall buying for their various departments.

TENTH ANNIVERSARY

Ten years in broadcasting on the CBS chain will turn Kate Smith's Friday night show of April 25 into a celebratory occasion, according to the Associated Press. Her special guest will be William S. Paley, president of the network, and she plans to repeat for the third time the story of Johnny Appleseed.

IS NEW HEAD

At the annual meeting of the Northwestern Pennsylvania Fracture Association, held Tuesday at Hamot Hospital in Erie, Dr. E. G. Hamilton, of Warren, was elected president for the coming year. The 1942 meeting of the group will be held in Warren. Those from here who attended the session included Dr. E. S. Africa, Dr. F. F. Otterbein and Dr. Quay A. McCune.

CONVENTION CLOSES

Speaking before the closing session of the Pennsylvania Tuberculosis Society in Erie yesterday, Theodore Hatch, associate professor of industrial hygiene at the University of Pennsylvania, told those present that only 15 percent of industrial workers today "have the benefit of full-time medical service." He said this deficiency must be overcome before much progress can be made against tuberculosis or other adult diseases in industry.

CEMETERY MEETING

At the April meeting of the trustees of Oakland cemetery held last evening the board was organized for the coming year with the reelection of old officers as follows: President, E. M. Hutcheson; vice president, F. X. Miller; treasurer, Henry J. Sandblat; secretary, Grover C. Lind, Ed C. Lowrey was elected assistant secretary, and Howard D. Kinkadee superintendent. It was reported that due to the favorable weather of the past two weeks spring improvements in the cemetery are far in advance of previous years.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people have on rainy or stormy days are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 quarts a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. Then poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Dealers Adopt Handier Bottle

WARREN CO. DAIRY ASSOCIATION

Mrs. Wallace Cowden Again Heads Players; Splendid Acting Seen in Studio Production

Mrs. Wallace Cowden, who is concluding a very successful year as president of the Warren Players' Club, was reelected at the annual business session held last evening at the Woman's Club in conjunction with the April studio meeting.

Others elected at this time were: Vice president, William E. Rice; recording secretary, Jack MacDonaid; corresponding secretary, Mrs. Howard Alexander; treasurer, Mrs. Homer Fleming; stage manager, James Frantz; custodian of properties, Mrs. Robert Schorman.

On the nominating committee for selection of these officers were Mrs. George Wholeben, Mrs. Paul Coe and William E. Rice.

"Love From a Stranger" was the choice for this month's studio presentation, with Althea Boulton as a capable coach. Seen in this entertaining play, which developed into an intriguing mystery, were Millicent Kopp, Victoria Nelson, Kathryn Frantz, Jack Palen, Frank Cruickshank, Edwin Borden, Mary Jane Jones and Roger Webster.

The two attractive sets, a living room of a London apartment, and a cottage in Bayswater, were the work of Warren Clark, assisted by James Frantz, Paul Gary, John Rossman, Jr., Jean Blodgett and Bill McClure. Lighting was handled by Lester Muthert with effects by Dorothy Stewart, Ruth Fleming and Frances Levery were responsible for properties. Margaret Wright handled make-up and costumes were assembled by Marie Peterson, Dorothy Stone and Margaret MacDowell. Others assisting in the production work were Kathleen Simmons, prompter; Fern Mostert and Mary Betty Thibault, script typists; Lester Muthert, stage manager; Meredith Coe, production manager.

The entire action of the play moved quickly and smoothly to its dramatic disclosure that "Babe" Lovell was an acquitted murderer back in England from the "Puritan States and that he had deliberately sought out Cecily Harrington as his sixth victim because she was a sweepstakes winner and possessor of ten thousand pounds. It would be difficult and unfair to choose a "best" from the cast, since the success of each role was dependent upon the perfect support given by others of the cast.

Sixty Members of Co. 1 In Training at Gap Are Promoted

Sixty privates first class who received specialists' ratings are: John (cook) James P. Gorfida, specialist 3rd class (cook); Robert C. Edwards, specialist 4th class (cook); George E. Grettenberger, Jr., specialist 4th class (artificer); William R. Starnier, specialist 4th class (cook); Donald E. Young, specialist 5th class (chauffeur).

Quite a number of the members of Company I have been home each weekend since the company went to Indiantown Gap Military Reservation. This has been made possible by the use of the company station wagon and the chartering of a bus once each month taking 37 passengers.

It is the wish of Capt. Roy P. Miskimmon, commanding officer of the company, that every man get home at least once a month during the stay at Indiantown Gap.

Because of the exceedingly pleasant weather, colds have been reduced to an almost negligible number in the company. It was stated, as well as in the entire division.

Last week two Army trucks made the trip to Warren and took back some of the furnishings from the armory and in addition some chairs and a piano given to the company by outside agencies. All of these were placed in the company's recreation building for the exclusive use of the company.

Moves To Speed Up Assembly

tax and create a state tax commission to replace the Department of Revenue will be introduced in the legislature next week with the backing of the Pennsylvania Committee on Public Education, Secretary Preston O. Van Ness said today.

The program, drawn after two years study, also includes a new concept of financing the schools.

The committee consists of teachers, school directors, real estate boards, civic welfare organizations and labor groups and is headed by Luther A. Harr, Philadelphia city and school treasurer.

Before quitting, the Senate approved a \$500,000 appropriation for financially-distressed schools and rejected a proposed constitutional amendment to revive the poll tax as a qualification to vote.

Also approved and sent to the House was a bill authorizing school districts to buy without advertising materials and equipment to be paid for with federal funds.

The House passed and sent to the Senate a bill requiring the commonwealth to repay within the same biennium any loans from special funds. Its committee on state government heard spokesmen for several thousand coal truckers last night protest a bill for state regulation of weight slips aimed at curbing short weight deliveries of anthracite. Retail coal dealers and secretary of internal affairs William S. Livengood appeared to urge adoption of the measure.

HAZARD STILL GREAT

Despite a small amount of rain which fell in this section yesterday, the danger of forest fires is still extreme, it was stated today by W. H. Smith, district forester for the Pennsylvania Department of Forests and Waters. Extreme caution should be exercised by all persons in burning brush and fishermen should take no chances that might result in a serious conflagration, he said.

At least a half inch of rain fall would be necessary to reduce the fire hazard. About .02 of an inch fell yesterday.

Urges Southern Mine Owners to Rejoin Parley

chief federal conciliator, who for more than two weeks has tried to help labor and management break the industry's involved wage dispute.

Meanwhile, Lewis summoned to an afternoon meeting the union's policy committee to receive and either approve or reject the wage contract negotiated yesterday which, it was unofficially reported, provided for a \$1-a-day increase in northern Appalachian mines and \$1.40 a-day increase in southern bituminous fields—thus stipulating a basic \$7-a-day wage throughout the area.

The southern operators previously had urged that the dispute, which has kept most of the nation's mines—and 400,000 miners—idle since April 1, be put before the National Defense Mediation Board and had said they would take no further part in the Appalachian wage conference.

"We can do nothing more in negotiations," they told congressional representatives in Washington who sought presidential intervention in an effort to send some 400,000 miners back to work.

Fierce Battle Under Way On Grecian Front

(From Page One)

These Stukas had hammered at the mountainous British-Greek line with the power of long-range artillery to clear the way for the battle of Kalabaka.

The Germans also were pounding at the eastern entrance to Metsoy pass, which leads westward through the mountains by a back-door route to Ioannina, capital of Epirus, from which the Italians were turned in their first attacks last November.

(A London communique said the German pressure was increasing all along the British front.)

Greek newspapers reported that the bayonet-skilled Greeks were able to check the Germans in any hand-to-hand combat that developed in the war of machines.

For the first time in a week Athens had 24 hours without an air raid alarm as the Nazis brought all their air power to bear on the battle zone.

Al Milnar Hurls Two-Hitter And Blanks White Sox, 6-0

A's Again Step Out To Annex Slug Fest; Dodgers, Reds Lose

BY JUDSON BAILY
Associated Press Sports Writer

For reasons that never have been very clear, a lot of people in baseball do not think Al Milnar is a first-rate pitcher. He was a first-rate pitcher for the Cleveland Indians last year. His critics have pointed out that although he was a tremendous success in the Southern Association, he was no great shakes with Milwaukee in the American Association or with Cleveland in two seasons preceding 1940.

He worked fractions of 23 games for the Tribe in 1938 and finished with a record of 3 and 1 and an earned run average of 3.03. The next season he worked in 37 games and won 14 and lost 12.

Now it looks like the big, 27-year-old southpaw may be able to convince the skeptics that his steady effective effort last year was his real gait, and that his two seasons with New Orleans, where he won a total of 46 games and lost 18, were no fluke.

Al Milnar shut out the Chicago White Sox 6-0 on two singles yesterday. The hits he gave came in succession in the fifth inning after two were out and only one other Chicago batter got on base in the whole game.

Other flag hopefuls in both leagues were treated as roughly yesterday as they had been on opening day.

The Reds were cut down again by the St. Louis Cardinals 4-2 with Mort Cooper besting Johnny VanderMeer. Cooper gave only five hits and fanned seven. VanderMeer gave seven and struck out eight, but also walked six. He weakened in the ninth to give up two runs and the ball game.

Brooklyn was bumped a second time by the New York Giants 7-1 in another pitching duel. Harry Gumbert held the Dodgers to five hits and Kirby Higbe, victim of four errors by his infield, gave the Giants six.

Manuel Salvo held the Phillies to three hits as the Boston Bees banged out a 4-1 triumph.

The Yankees dropped a slugging session to the Athletics 10-7. Among the A's 13 hits were two home runs and a single by Dick Siebert and a homer by Bob Johnson. Five runs were bunched in a big sixth inning. Nelson Potter plodded the whole route for the A's, yielding 10 hits, including round-trippers by Twink Selkirk and Joe DiMaggio, who also had two doubles and a single.

Detroit's American League champion Tigers made a delayed start at St. Louis and were beaten 8-1 by the Browns. Elden Auker nuzzled the Tigers with four hits, while the Browns tore into Buck Newsom and Dizzy Trout for 14 and crowded seven runs into the eighth inning.

The Red Sox took their second straight from the Washington Senators 5-7, but had to go 12 innings to do it. The Sox came from behind to tie the score in the ninth with three runs on homers by Bob Doerr and Jim Tabor and won out on Pete Fox's third single of the day, scoring Dom DiMaggio from second.

SPORT SCATTERINGS

By Bill Rice

About this time of year we begin to feel like the small-time comedian who is thrust in front of an audience which includes Bob Hope, Fred Allen, Eddie Cantor, Jack Benny and Edgar Bergen and ordered to be funny. With the passing of basketball season, the community virtually withdraws from the sports scene, except for midgetball leagues and scattered independent baseball games, and putting local color into a pillar of this sort requires a super sleuth blessed with plenty of imagination. So it is probable that this bureau will be more or less national in scope until Coach Leidy trots out his blue and white candidates next autumn and the Red Jackets begin to warm up. Meanwhile, our brethren, Johnny Nelson, Stu Maguire, Waite Forsythe, George Dodds and Fred Sica, keep plenty occupied with their Fony League heroes, and Ray Peebles finds copy in the Mid-Atlantic loop. The Sunset League used to be the principal source of local color, but even that has gone by the boards.

With the Moose putting some \$18,000 into new alleys, work on which is well started, it occurs to us that a nice little three-team, once-a-week circuit might be started next year with the Moose, the Conewango Club and the Elks trotting out their top-ranking bowlers for the mythical fraternal crown of the city. With more than 80 keglers in the Conewango Club and more than twice that at the Elks, there should be practically no over-lapping and the L. O. O. M. can produce plenty of good keglers from its own membership. Twice this year the antlered herd and the Market street bowlers have clashed and have enjoyed the matches. With a little build-up, a fraternal bowling league might well be a successful venture from every standpoint.

You've got to hand it to Whitney Martin who helps keep the Associated Press wires alive with his sports column. He not only goes out on the limb in predicting the finishing order of the major leagues, but also comes out with some over-fresh hunches on individuals. For instance, he guesses that the 20-game winners will be Derringer, Feller, Higbe, Newsom and Walters, and that Monte Pearson will win no less than 15 for the Reds. That DiMaggio will hit about 360 to lead the American and that Medwick will belt the ball at a 350 clip in the National are another of Whitney's hunches. Others, Bob Feller will have at least one one-hit game; the Dodgers will be in more fights than Joe Louis; that Mungo will either (1) be fined, (2) suspended or (3) have a sore arm; Jimmy Dykes will get the gate from the unms more than Durocher; that Detroit, Brooklyn, New York Yankees and the Reds will top the million mark in attendance; that Durocher will play 50 games for the Dodgers, and that Jimmy Foxx will see service behind the bat for the Red Sox before the season ends. Paste these in your hat.

YEARS AGO IN SPORTS
April 17, 1921. The major league players who were black-listed after the Black Sox scandal last year are having a tough time of it. Even semi-pro clubs are not scheduling the bachelors and a semi-pro leagues refuse to allow the Sox in the fold and forbid its players from playing on the same team with the men involved in the scandal.
April 17, 1931. Coach Jake Leidy's Dragon baseball team had an easy time of it in the opener yesterday, all of the team participating in the 27-5 rout of Sugar Grove. Samuelson and Coppola divided the pitching and "M. D." Sealise led the hitting with four wallops.

Charley Clark, Jr., of Auburn, N. Y., rolled into ninth place in the all-events with a 1,930 to create the only change among the high ten leaders in any event during Wednesday's bombardment.

Billy Conn Maddest Guy In Fistianana As Mike Procrastinates

Pittsburgh, April 17.—(P)—The maddest guy in the basic world today is Billy Conn—mad because he figures the lush heavyweight title is right within his grasp and yet no word from Promoter Mike Jacobs that his fight with Joe Louis is "on."

Jacobs had said the scrap would be held in June but now, he wants it postponed to July—which rubbed the fur the wrong way on both Conn and his manager, Johnny Ray. Johnny says June would be the better month from the financial angle. Conn would be at his peak then and might suffer from the month's lay-over if the fight is postponed.

"Wouldn't you be sore?" quoth Conn, pointing out he retired undefeated as light heavyweight champion and hasn't been beaten in the heavyweight division.

"This fight is all I've lived for, all I've ever wanted."

"And what happens? I, the one who can lick him, sit here doing nothin'. Nothin' but worry that one of those bums he has been fighting will get to him first."

In one word Conn is hungry. Hungry for the big title and its riches. So far his fights have brought him "no great heaps of cabbage," he laments.

Many sport experts think the slim 175-pound dancing master of the ring would be mismatched against the 200-pound heavyweight champion, but Conn is among the group contending that a good man weighing 175 can take on anyone, no matter how big.

Billy said that after watching Tony Musto "stick around" with Louis, "I'm positive I'm going to be the next heavyweight champion."

"Joe has slipped badly," he elucidated. "He caught Musto a hundred times with his Sunday punches and Musto stood up. Here's how I'll lick him: I'll stab him silly. Joe is slow asfoot and he has to get set to punch. He'll never do that with me in there."

New York, April 17.—As thousands cheer dept.: Capt. Eddie Rickenbacker mending so nicely he may attend the Indianapolis 500-mile race, but on crutches. . . . Aldo Spoldi, an Italian, will be fighting for the British when he hooks up with Chalky Wright in a relief fund bout, May 1. . . . Some N. Y. golf clubs are considering using girl caddies to relieve the shortage of boys called in the draft. . . . Don't bet Jim Milne, Michigan State high jumper, can't clear five feet, eight in his overcoat—the guy's done it. . . . Who is that Honey John McDonald, Dodger secretary, is squiring around?

Lolling on the beach at San Juan, Loo Nova is giving the natives that old mahoskus about going down there to train for Joe Louis. When and if, we take it. . . . Only one writer mentioned that the passes issued by Hal Schumacher were costlier than those put out by the Dodgers. . . . And one of the broadcasters became so excited at all the goings-on that he had the White Sox pinning Feller's ears back, then hopping over to the National League and scuttling the Pirates. . . . PAGEANT TO BE GIVEN BY GROUP AT YOUNGSVILLE

Youngsville, April 17. — The beautiful pageant, "Eternal Life" is to be given at 7:30 p. m. in the Methodist church, Sunday evening, April 20th, by a group of about twenty-five young people from the Epworth League of Cherry Creek, N. Y., the former pastorate of Rev. Dwight Jack, pastor of the Youngsville church. There will be chorus from Cherry Creek as well as those taking part in the pageant.

The local Epworth League is entertaining their annual Sunday evening. The community is invited. The collection aside from the envelopes, will be divided between the visiting league and the local organization. The latter is making plans to send delegates this summer to the Epworth League Institute at Westminster College, New Wilmington.

ROTARY CLUB

Sergeant Claude Wilcox, who is spending a short Easter furlough with his mother, Mrs. Flossie Wilcox, was the speaker Tuesday evening at Youngsville's Rotary Club dinner. The speaker, who has spent six years in Uncle Sam's service, is now located with his home base in the Aviation Corps at Salt Lake City. This spring, however, he is stationed at Dayton, Ohio, where he has been assigned duty as an instructor in gunning engineering, his class being composed of aviation cadets. He explained some of the mechanical features of modern warfare.

MANY FISHERMEN

The first day of the trout season found many local fishermen out, lured as much by the bright sunshine and pleasant weather as the fishing. It was a great day to tramp the woods but the water was too clear and the sun too bright to be very good fishing. Among those reported as catching the limit were Gurney Ball and Frank Hendrickson.

GUEST SPEAKER

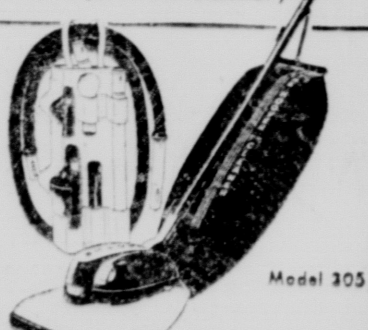

Rev. George H. Palmer, of Dunkirk, N. Y., will be the speaker Friday evening at the six o'clock father and son banquet to be given in the church dining room by the Methodist Brotherhood. There will be other entertainment features. The dinner is being served by the ladies of the Dorcas church school class.

Sixty Members of Co. 1 In Training at Gap Are Promoted

Edwards, specialist 4th class (cook); George E. Grettenberger, Jr., specialist 4th class (artificer); William R. Starnier, specialist 4th class (cook); Donald E. Young, specialist 5th class (chauffeur).

Quite a number of the members of Company I have been home each weekend since the company went to Indiantown Gap Military Reservation. This has been made possible by the use of the company station wagon and the chartering of a bus once each month taking 37 passengers.

It is the wish of Capt. Roy P. Miskimon, commanding officer of the company, that every man get home at least once a month during the stay at Indiantown Gap.

Because of the exceedingly pleasant weather, colds have been reduced to an almost negligible number in the company, it was stated, as well as in the entire division.

Last week two Army trucks made the trip to Warren and took back some of the furnishings from the armory and in addition some chairs and a piano given to the company by outside agencies. All of these were placed in the company's recreation building for the exclusive use of the company.

The program, drawn after two years study, also includes a new concept of financing the schools.

The committee consists of teachers, school directors, real estate boards, civic welfare organizations and labor groups and is headed by Luther A. Harr, Philadelphia city and school treasurer.

Before quitting, the Senate approved a \$500,000 appropriation for financially-distressed schools and rejected a proposed constitutional amendment to revive the poll tax as a qualification to vote.

Also approved and sent to the House was a bill authorizing school districts to buy without advertisement materials and equipment to be paid for with federal funds.

The House passed and sent to the Senate a bill requiring the commonwealth to repay within the same biennium any loans from special funds. Its committee on state government heard spokesmen for several thousand coal truckers last night protest a bill for state regulation of weight slips, aimed at curbing short weight deliveries of anthracite. Retail coal dealers and secretary of internal affairs William S. Livengood appeared to urge adoption of the measure.

Oh, well, nothing I can do about it.

The old phonograph now is beating daddy eight to the bar, but that doesn't help much, either. Sounds like 30 guns just went off at once nearby.

This old house just shook like a dog after a swim. Dust that's been dormant for years fills the room.

It's getting so that when somebody sneezes everyone else jumps. In a rain of bombs, any strange noise makes you jump. We sit, waiting.

My roommate and co-worker, Tom Yarrrough, from Chickasha, Okla., decides to don his helmet and go out to see what's happening.

Another P man, Al Wall, who comes from Longmont, Colo., changes the record to "Get Away, Old Man," and one of the boys yells "That's a swell theme song; keep on playing it."

I decide to take a look for myself, but I can't find any tin hat. Wall lets me take his. A little small, but any old hat in a storm.

The form a test might take appeared uncertain at this stage of developments. Some informed persons thought legal procedure might be resorted to, but others speculated that one or more companies simply might defy Henderson's order, institute price increases and leave up to the government the problem of enforcement.

Some steel sources here expressed belief that any test probably would be primarily by one of the smaller companies in the industry. Such a company, it was explained, would be able to show a clearer need for increased revenues than would large concerns which not only produce steel and iron, but also engage in subsidiary enterprises such as shipbuilding.

Urges Southern Mine Owners to Rejoin Parley

(From Page One) chief federal conciliator, who for more than two weeks has tried to help labor and management break the industry's involved wage dispute.

Meanwhile, Lewis summoned to an afternoon meeting the union's policy committee to receive and either approve or reject the wage contract, negotiated yesterday which it was unofficially reported, provided for a \$1-a-day increase in northern Appalachian mines and \$1.40 a-day increase in southern bituminous fields—thus stipulating a basic \$7-a-day wage throughout the area.

The southern operators previously had urged that the dispute, which has kept most of the nation's mines—and 400,000 miners—idle since April 1, be put before the National Defense Mediation Board and had said they would take no further part in the Appalachian wage conference.

"We can do nothing more in negotiations," they told congressional representatives in Washington who sought presidential intervention in an effort to send some 400,000 miners back to work.

The London radio report said it had no confirmation of Nazi reports that the Germans had pierced the Allied line south of Mt. Olympus.

On the North African front, the Germans said Axis troops had smashed repeated attempts by British armored cars to break through Nazi Fascist siege forces around Tobruk, Libya, and had inflicted "terrific" losses among the British.

The British reported notable success in a drive to choke off the "feed line" shutting troops and supplies to the Axis from Sicily to Tripoli. In London, the Admiralty said the British fleet had destroyed an entire Axis convoy of three Italian destroyers and five military cargo ships attempting to slip across the 90-mile stretch of water.

British troops in North Africa were reported to have struck back heavily at the Axis invaders in counterattacks at Fort Capuzzo near the Egyptian-Libyan border and at Salum, just inside Egypt, they were supported in these actions by British warships lying off-shore.

Italian troops driving northward from Albania were said to have breached Yugoslav border defenses near Scutari, advancing "many kilometers" up the Adriatic coast, with Yugoslav troops retreating before them.

Premier Mussolini's High Command said Italian troops had captured Cetinje, Yugoslavia, and was pushing northward to meet a south-bound Fascist motorized column in a drive to cut the Yugoslav slavs off from the Adriatic sea.

In Albania, the High Command said, Italian forces have recaptured the town of Kilsura, which fell to the Greeks Jan. 10.

Fascist press dispatches also reported the capture of Podgorica, Yugoslavia, eight miles from the Albanian frontier, east of Lake Scutari.

MOVIE MAGNATE IS FOUND GUILTY OF TAX EVASION

New York, April 17.—(AP)—Multi-Millionaire Joseph M. Schenck was convicted early today of income tax evasion in 1933 and 1938 and faces possible imprisonment for 10 years and fines of \$20,000.

A federal court jury deliberated 10 hours to find the movie magnate guilty in two major counts, but acquitted him of tax evasion charges for 1937 and of conspiracy to defraud the government.
